

BOLD VISION

SLOGAN: **REDUCE, REUSE, RECYCLE**

ENVIRONMENTAL POLICY

BOLD VISION SDN BHD committed to create a clean environment in all our activities, products and services by committing ourselves to:

- ❖ To **protect environment** through prevention of water, land and air pollution by effective control measures.
- ❖ To **identify and complying with customer requirements, legal and other requirements** as stipulated in the Environmental Legislation, Rules & Regulations.
- ❖ **Reduce the impact** of our operations on air, water, land and resources
- ❖ **Continual improvements** in our environmental performance through regular review of our operational controls.
- ❖ To **promote environmental awareness, training** and use of environmental friendly product in our processes.
- ❖ To **conserve natural resources** by promoting 3R (Reduce, Reuse, Recycle) Concept

Environmental protection is a necessary part of each employee job and active participant and adherence to this program is a condition of employment at our company. This policy has equal importance with other company policies of providing the best quality and most productive service in our industry.
