

ZEUS™ WITH INTELLIGENT DIAGNOSTICS

EEMS3342

ZEUS™ with Intelligent Diagnostics

EEMS342

- Exclusively hosts the all new Intelligent Diagnostics*
- Intelligent Diagnostics provides you direct access to the key information for the specific vehicle and code you are handling
- Get direct access through Intelligent Diagnostics to vehicle and code specific TSB's, Smart Data, Functional Tests and Reset procedures, Guided Component Test Meter and SureTrack information
- TSBs – provide the latest information and technical bulletins, straight from the manufacturers
- Smart Data automatically creates a Custom Data List for a specific code and highlights the values that are out of range
- Fast, easy access to expert Information via SureTrack® – providing you with real world repairs, tips and timesavers from real Technicians
- Avoid unnecessary parts replacement. Exclusive Fast-Track Guided Component Tests show what to test, how to connect and what results to look for
- Plus get access to the optional ShopKey® Pro (SureTrack requires Wi-Fi access and current software upgrade)
- Boots from cold in about a minute; powers up in Ready Mode in just 5 seconds
- Secure, 64GB solid-state drive and a Quad-core Intel® Celeron® processor (1.83 GHz, 2 GB RAM, 32-bit)
- Built-in Wi-Fi and Internet browser for the freedom to work wirelessly
- Thin and light tablet-style design, with a 1280x800 high-resolution display
- Factory-installed antivirus and security essentials
- Comprehensive data manager that can store thousands of vehicle records, customer data, vehicle IDs, fault codes, repair notes and diagnostic results
- Capacitive touchscreen, sensitive to your every gesture
- Stay connected to the vehicle and the internet while moving freely around the service bay
- One-Touch Full Vehicle Code Scan & Clear quickly checks and clears codes for all available modules on the vehicle
- Industry-leading functions, tests and coverage previously found only in expensive factory tools
- OEM-specific coverage for 49 makes, as far back as 1980 (European optional)
- Codes, live data, functional tests, relearns and adaptations for 100's of vehicle systems
- Hot-dockable scope module with 9 ft USB extension cord
- High-speed 4-channel lab/ignition scope and digital/graphing meter
- 6 megasamples/second sample rate and glitch capture detects faults other scopes miss
- Scale range: 0-100mV to 0-400V, 50kV secondary ignition
- Sweep rate: 50 microseconds to 20 seconds (5 min in GMM mode) so you don't miss a thing
- Exclusive Fast-Track guided component tests for 40 domestic, Asian and European makes
- VDC, VAC, Ohms, frequency, duty cycle, pulse width, diode test and more

*For full functionality a subscription or current software licence must be in place.
