## SOLUS™ Edge

EESC320

Graph up to four live data parameters at once. Catch hard-to-find faults with trigger, record, playback and scaling zoom functions.

SureTrack® Expert Information System with millions of Real Fixes and verified parts replacement records harvested from successful repair orders.

Easily identify service items and view status. Reset service indicators after repair or service.

EESC320 SOLUS Edge® Full Function Scan Tool
- Wi-Fi® access to SureTrack® expert information and verified parts replacement records for a confident diagnosis
- Super-fast boot-up – ready to use in just five seconds – results in as little as 30 seconds
- Detailed trouble code definitions and live data – powerful functional tests, relearns, and adaptations to control vehicle systems and validate repairs
- Large 8″ touch screen display for great readability and ease of use
- Custom data lists – freeze-frame, PID sorting, pause, zoom, PID trigger and cursor functions
- Embedded SMX® operating system dedicated to diagnostic functions for fast and reliable operation
- Fast-Track® Troubleshooter database includes vehicle-specific tips, tests and time-savers
- Fast and easy icon navigation operates completely by touch screen, or use the four-way keypad

- Enhanced coverage for 49 makes, including Domestic, Asian and European without the cost and complexity of factory scan tools (European coverage optional)
- OEM-specific coverage for more than 100 vehicle systems, including the new systems techs need, like hybrids, TPMS, steering, body controls, EVAP, clean diesels and more
- Print/save/share/view results on PC via ShopStream® Connect software
- Never stop to recharge – unique steady-charge battery technology charges from vehicle power
- **Includes:** SOLUS Edge® scan tool, upgradable software on microSD™ card, data cable for OBD-II vehicle applications, Lithium-ion battery pack, 110 V AC power adaptor, USB cable for PC connection, nylon carry case, safety instructions and user manual on CD
- **Optional accessories:** European software activation, European vehicle adaptor kit, OBD-I complete adaptor kit, extended length 9′ OBD-II data cable, 3 pack of screen protectors and 8′ x 2′ SOLUS® Edge shop banner
