## Advantages Lubricant Engineering for Industry

Please add me

www.98Oils.com

We are metalworking products company was founded on a simple desire to solve a problem that would benefit all we still operate on the same principle. This sincere commitment to helping our customers succeed has made us a market leader and global products. We are proud to be participants and competitors in a global, high-tech industry in which our leadership is the result of our fierce dedication and desire to provide the market with quality, sustainability and innovative solutions.

We offer a wide range of rust preventive and metal working lubricants which meet the best products.

LUBE  
KOTE®

防錆剤  
**Rust Preventives**  
น้ำมันป้องกันสนิม

"Lube-Kote" is a rust preventive fluid with excellent rust protection and water displacing from metal surfaces after machining operations or alkali cleaning that gives assured protection and eliminates component rework. It can be applied by dipping, brushing, or spraying.

LUBE  
FORM

型打ち抜き用潤滑油  
**Forming Oils**  
น้ำมันขึ้นรูป

"Lube-Form" is a product that combines EP performance additives to aid performance in a variety of forming and high speed drawing applications. It will aid the production of high quality components while pro-longing tool and die life.

LUBE  
CUT

優れた金属加工潤滑油  
**Neat Cutting Oils**  
น้ำมันตัด

"Lube-Cut" is based on highly refined petroleum oil with a high performance Extreme Pressure (EP) additives that gives excellent surface finish and consistent dimensional accuracy in Broaching, Tapping, Throat cutting, Drilling, Milling, Turning and Metal forming applications.

LC  
EDM

放電加工機用液  
**EDM Fluids**  
น้ำมันอีดีเอ็ม

"LC-EDM" is a unique combination of high dielectric strength and low power factor and sets a new benchmark for Synthetic EDM fluid. Faster cutting, higher quality finish, shorter burn time and longer fluid life while improving health and safety for the operator are among the main benefits.

LUBE  
CLEAN

洗浄液  
**Cleaner Fluids**  
น้ำยาล้าง

"Lube-Clean" has excellent cleaning and drying properties with a special agent that drives moisture from the surface of the part thus providing a very clean and dry surface. The product is formulated to meet a specific need or application whether it be difficult to remove soils or dirt from cutting, forming and stamping operations.

ナチュラルクリーナー  
**Natural Cleaner**  
น้ำยาล้างสกัดจากพืช

GREENEXX™ is Natural Surfactant and plant extracted and non ionic, that has been continuously researched and tested. This substance acts as tiny series of blade to 'cut away' adhesion between dirt and substrate ( Inter molecular de-bonding ) resulting easy cleaning and usage.

RANDO  
CUT

水溶性機械加工液  
**Water Soluble Cutting Fluids**  
น้ำยาหล่อเย็น

"RANDOCUT" designed for use on all metals, plastics, glass and composites. These products are engineered to provide total performance, whether running small individual sumps or large central systems. Our range contains balanced lubrication properties to provide optimum results.

RAMUDO

鍛造用潤滑剤  
**Forging Lubricants**  
น้ำมันพอร์จิ้ง

"RAMUDO" is essentially odorless, smokeless, water based and oil based Graphite, Non-Graphite die lubricant. Using the latest in world wide technology it is formulated to provide excellent lubricity and release when used on press work, including hot, warm and precision forging .

GEN  
LUBE

産業用潤滑剤  
**General Lubricants**  
น้ำมันหล่อลื่นอุตสาหกรรม

RANDO WAY" Offering excellent adhesion, good sliding properties and low friction value. "RANDOLUBRIC" Are anti-wear hydraulic oils, produced from high quality paraffinic base oil contain anti-wear and anti-oxidation additives. ISO VG 22, 32, 46, 68, 100, 150, 220 viscosity.

METALUBE  
WIRELUBE

ワイヤードローイング & チェーンオイル潤滑剤  
**Wire Drawing & Chain Oil Lubricants**  
น้ำมันรีดลวด และน้ำมันหล่อลื่นโซ่

METALUBE® is a UK-based manufacturer of specialist industrial lubricants, exporting to over 90 countries worldwide Lubricool™, Alumol™ and Metarol™, Tubol™ high performance lubricants for Non-Ferrous Metachain™ High-Temperature & performance range of fully-synthetic chain oils for industry Rope-Tek™ WRD a range of high-performance wire rope lubricants

CHS-ASIA

ファーンエスエンジニア  
**Furnace Engineer**  
เตาหลอมแข็ง

"CHS-ASIA" is Heat Treatment Furnace and Equipments for all type of metal treatment. Another equipments to support metal working process to managed fluid and control the quality such as Hand Refract Meter, Vacuum Pump, Spray Tanks, Filter Machine, Recycle Machine, Skimmer and etc.

98TOOLS

ツール & 備品  
**Tools & Equipments**  
เครื่องมือ และ อุปกรณ์

"98TOOLS" are tools and equipments for metal working applications to drastically reduce costs and operate more efficiently, such as Dosing Pump, Recycle coolant machine, Concentration Controller Equipment, Aluminium Fine Centrifuge machine and others.
