Position:

## Guidelines of

# LOGISWARE FORKLIFT COMPETITION 2019

Thank you for your registration in taking part in the LogisWare Forklift Competition 2019. Please read the details of the guidelines and fully understand about the rules and regulations of the competition. Thank you.

## Objective

- (1) To gather the industry stakeholders, especially those from warehousing and manufacturing sectors to learn more about the importance of safe and efficient use of forklift within the industry.
- (2) To encourage the safe and efficient practice of operating a forklift truck within the industry. To advocate and to encourage the safety and efficiency of forklift operation.

## The Challenges

### First Challenge

The participants will go through an elimination process and the top 7 will proceed to the finals. Participant needs to complete the first challenge circuit without hitting the set barrier. The circuit will be narrow to determine the efficiency of the participants in maneuvering the forklift in a safe manner.

Judging criteria: The top 7 fastest participants who complete the circuit without hitting any barriers

### Second Challenge

Participant will need to complete the second challenge with additional criteria of loading and unloading a load whilst maneuvering the forklift without hitting the set barrier coupled with a narrow circuit that will determine the precision and efficiency of the participant.

Duration to complete: 15 min per participant
