

KÄRCHER

makes a difference

KÄRCHER IN INDIA FOR OVER 20 YEARS

KÄRCHER PROFESSIONAL RANGE 2019

Experience how Kärcher makes a difference.

Kärcher, the worldwide market leader

All over the world, the name Kärcher stands for power, quality, innovation and cleaning expertise that has been setting the highest of standards for 80 years. As the inventor of high pressure cleaning, Kärcher is today a world market leader and one of the driving forces behind new technological developments. Kärcher employs more than 13,000 people and has more than 100 subsidiaries all over the world. More than 900 engineers and technicians at 5 engineering centers are working on further improvements and new products, using the most advanced technologies in design, development and testing in their quest for even better performance, long service life and better environmental protection. They are guided by the principle that the customer is the measure of all things.

80 YEARS

reddot design award

Focus Energy

Innovative from the very beginning

In 1950 Kärcher developed the first hot water high pressure cleaner for professional cleaning.

Degree of innovation

More than 2000 patents have been registered from 1935 till today. 95% of our products are less than 5 years old.

Excellent performance

Every year Kärcher receives awards, commendations and certificates for design, ergonomics, performance and environmental protection.

All over the world

Kärcher is active in over 190 countries.

Worldwide customer service

More than 40,000 sales outlets all over the world provide a support network that is second to none and enable our customers to find fast and comprehensive help with all their questions about cleaning and our products.

Clean Environment

Kärcher engineers work on environmental protection daily with new products, technologies and investments in production facilities.
