Development Member

ABOUT US

SUN HEAVYLIFT SDN BHD start its business since 1997. Our company's long term vision is to be world class innovative and creative organization driven by effective leadership and workforce to provide innovative products and value added services that constantly meet and exceed customer needs and expectation in the global nice market.

SUN HEAVYLIFT SDN BHD is one of the distributor for KISWIRE Malaysia & KISWIRE Korea. "ONE STOP SOLUTION SUPPLY" is the slogan for our company, in view of the fact that, our company manufactures, stocks and supplies a wide range of products like wire ropes and fittings, slings, lifting accessories, lifting appliance and others. Other than that, we also acknowledge by numerous well-known corporation in Testing & Certification of all lifting devices, spooling facilities service for winch wire and anchor line, maintenance and lubrication of wire rope, fitting and others.

SUN HEAVYLIFT SDN BHD primarily serving the marine oil and gas industry, construction sector, marine offshore, and also port service. With advantage of our companies are strategically located, we can provide our customers with the fastest most efficient and most economical service possible. In addition, we are able to draw upon the special strengths and skills that are unique to Asia Region.

SUN HEAVYLIFT SDN BHD core values are customer satisfaction, competent management, innovative and creative corporate culture, recognize and reward competent employees, foster partnership and cooperation with customer and suppliers.

SUN HEAVILIFT SDN BHD has achieved ISO 9001 certification in 2015 as the first step towards the journey of quality excellence, thus, secure customer demand and expectation toward quality excellence. We also one of the Lifting Equipment Engineer Association (LEEA) development member since 2019 and certified by CIDB Malaysia on 2018.

MISSION

Our primary mission is to provide you with the highest quality services to achieve the highest standard of QUALITY, GOOD SERVICES, EFFICIENCY, OBJECTIVES, TARGET and SAFETY set with time, costs, teamwork and efficient management.

VISSION

"LIFTER SOLUTION FOR SAFETY PRECAUTION"

SAFETY OBJECTIVE

SUN HEAVYLIFT HSE VISSION

"WORKING TOGETHER"

- Coming together is a Beginning.
- Keeping together is a progress.
- Working together is "SUCCESS"

POLICY OF HEALTH, SAFETY AND ENVIRONMENT

- Develop the occupational health and safety culture with high level of environmental care.
- Implement the HSE management system based on ISO45001:2018 and ISO14001:2015.
- Prevention of an incidents, accidents, ill health and pollution.
- Regulation and legislation for health and safety are always comply.

HEALTH AND SAFETY ASSESMENT

- Zero occupational illness.
- Minimizing fabricating injury.
- Non food poisoning case.
- Zero Fatality Incidents.

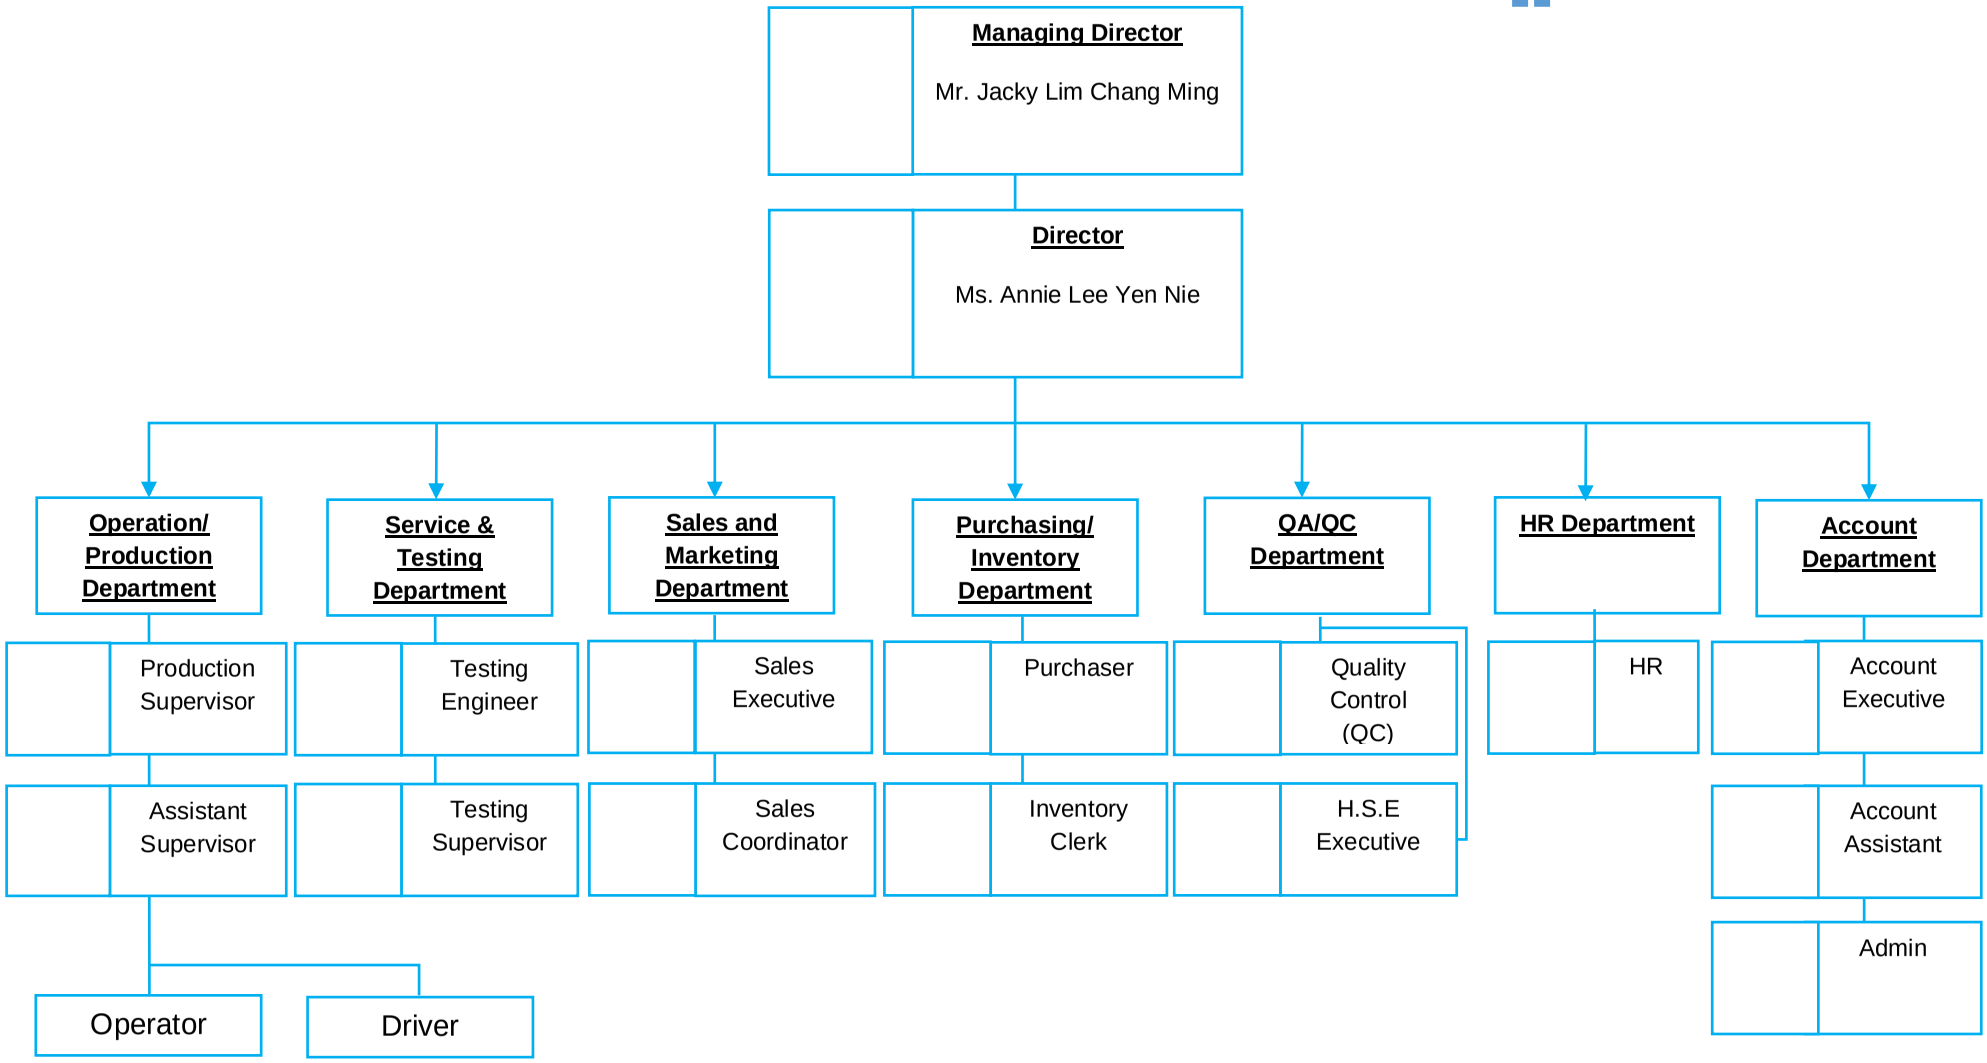
FABRICATION AND SCOPE POLICY

- All the rigging for fabrication is based on work sheet.
- Fabrication work will follow international procedures.
- Minimizing workers risk within house training.
- Equipment and material are up to date inspections.
- Workers guide from start to finish in chronological order.
- Teamwork is always applicable.
- Minimizing potential exposure during fabricating.

ISO 9001 POLICY

- Build a mutually profitable relationship with our customers, ensuring their long-term success, through the understanding of their needs and the needs of their customers as well.
- Achieve our commitments for quality, cost, and schedule.
- Enhance the systematic research and use of best preventive practices at all levels and ensure reliable risk management.
- Drive continual improvement and innovation based upon efficient business processes, well-defined measurements, best practices, and customer surveys.
- Develop staff competencies, creativity, empowerment and accountability through appropriate development programs and show strong management involvement and commitment.

ORGANIZTION CHART

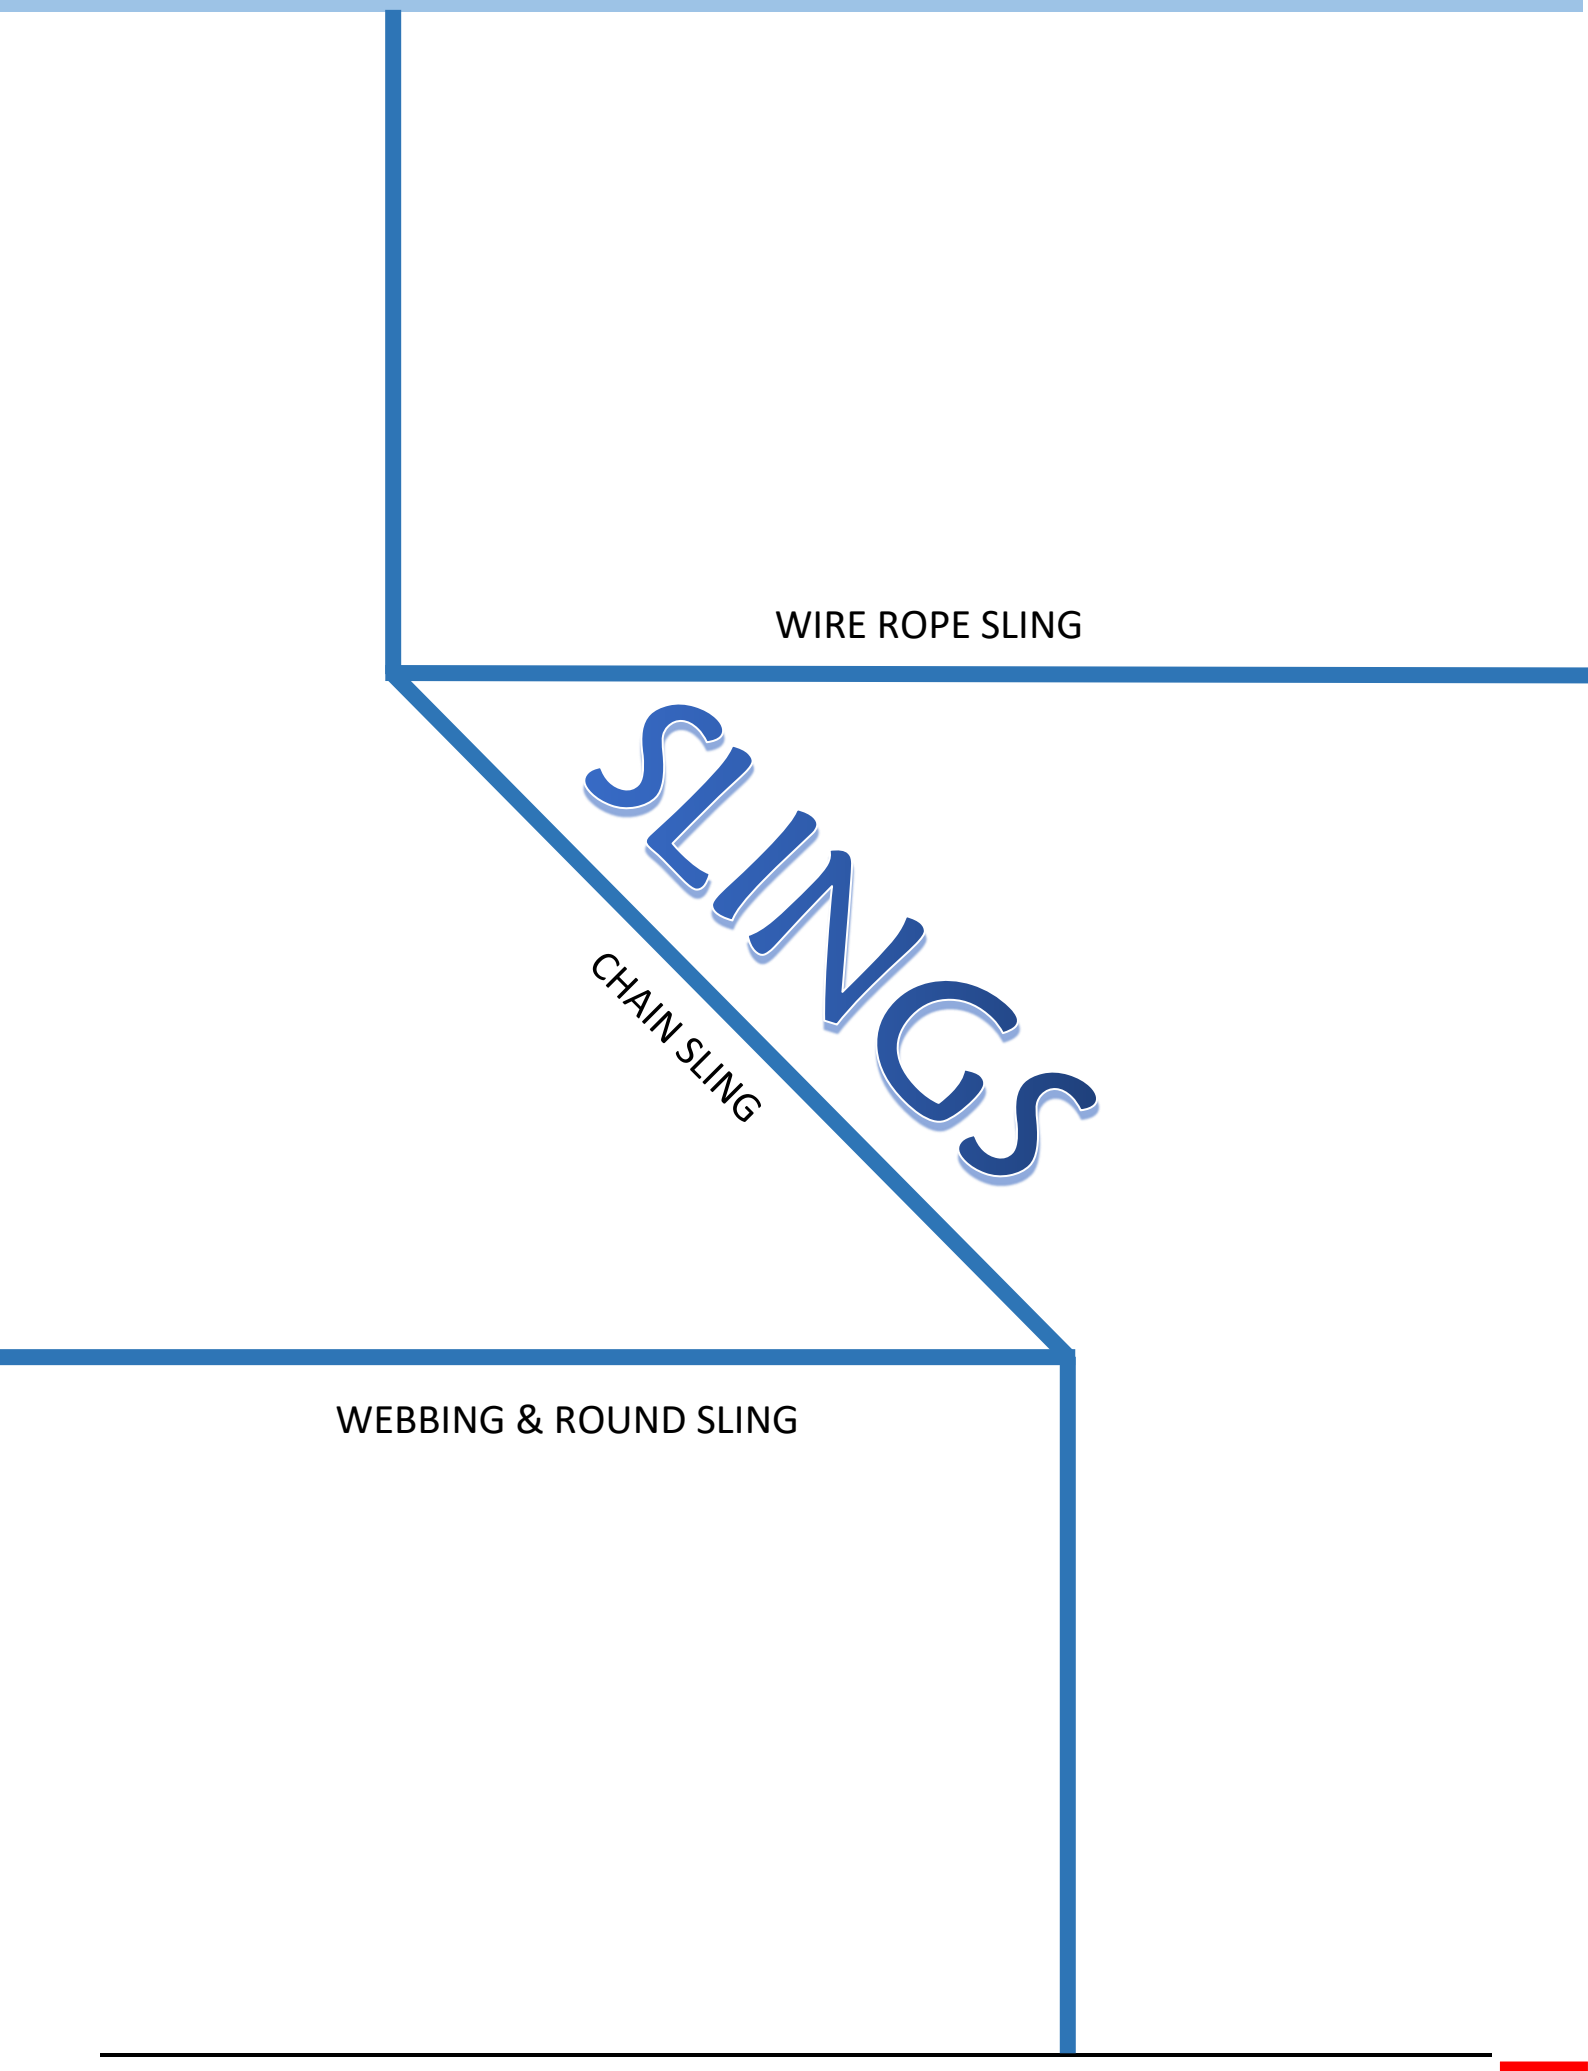


SUN HEAVYLIFT SDN BHD

WIRE ROPE DISTRIBUTOR

Since 1998, **SUN HEAVYLIFT SDN BHD** has been distributor for KISWIRE Malaysia & KISWIRE Korea. KISWIRE wire rope has been used in industry for a long time and they has been proven that KISWIRE wire rope are among the strongest wire rope in the word. SUN HEAVYLIFT SDN BHD only provide the best product in term of quality for our venerated customer.

KISWIRE KISWIRE KISWIRE KISWIRE



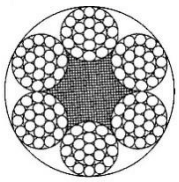
WIRE ROPE SLING
SLINGS
CHAIN SLING
WEBBING & ROUND SLING

WIRE ROPE

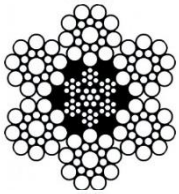
There are various type and size of the wire rope in the world. Each one of the wire rope has their own function or purpose. Selecting the right wire rope can make your lifting work in safe condition. So, **SUN HEAVYLIFT SDN BHD** can provide based on customer requirement. Below is example of wire rope that being used in lifting work.

6 x 7 + FC

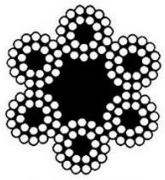
6 x 19 + FC



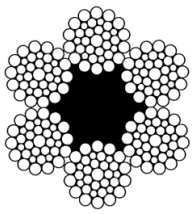
6 x 19 + IWRC



6 x 24 + 7FC



6 x 37 + FC



6 x 37 + IWRC

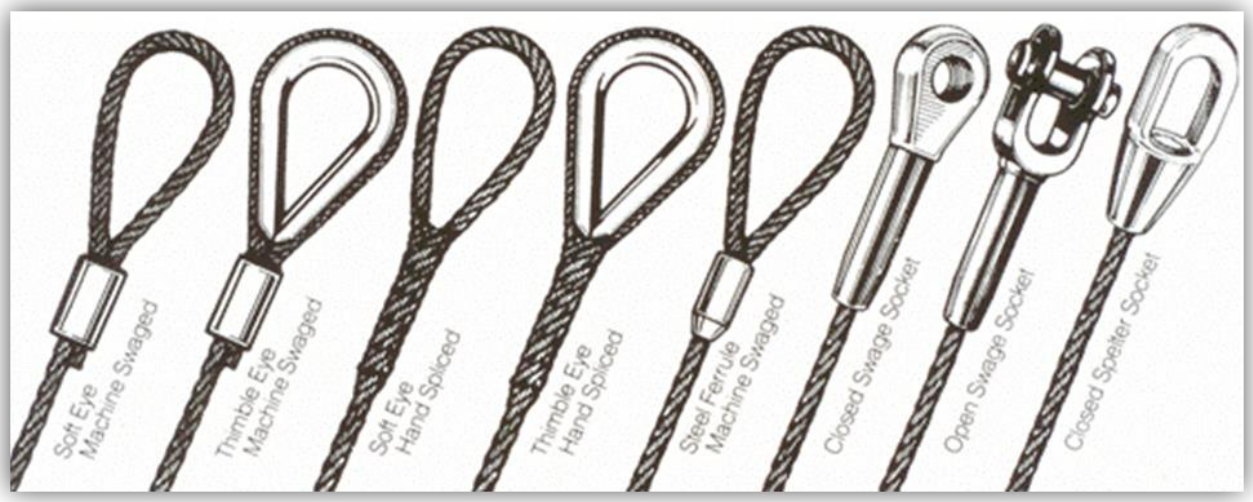
6 x FI(29), W(31), (36), (41) SES(37) +FC
6 x FI(29), WS(31), (36), (41) SES (37) + IWRC
6 x 7FI(29), WS(31), (36), (41), SES(37) + IWRC
NEPTUNE STEEL WIRE ROPE
HYROPE STEEL WIRE ROPE

WIRE ROPE END TERMINATION

SUN HEAVYLIFT SDN BHD also provide service for fabrication of end termination for wire rope sling. There are various end termination type such as:



We have diverse type of end termination of wire rope which are manufactured complying with DNV, JIS, DIN and others standard.

CHAIN SLING

SUN HEAVYLIFT SDN BHD provide the best, high grade and quality chain for lifting purpose. Chain sling has been used for lifting and have their own advantage than wire rope sling and webbing sling.

NORMALLY REQUEST:

A. GRADE 80 CHAIN

B. GRADE 100 CHAIN

C. CHAIN JOINING LINKS

D. HAMMERLOCK

With a lot of characteristic of chain sling, we can provide chain sling with any configuration and length based on customer requirement. More than that, the chain sling also will be tested, certified and will be equipped with working load limit (WLL) tags.

WEBBING AND ROUND SLING

Not to forget about **WEBBING** and **ROUND** polyester sling, **SUN HEAVYLIFT SDN BHD** also provide webbing sling and round sling which are manufactured by **ARMSTRONG and POLY-TEX**. Both of this company are famous with high quality of webbing and round polyester sling.

WEBBING SLING CAPACITIES						
Cap	Colour	Vertical x 1	Choke x 0.8	Basket 0° x 2	Basket 0°–90° x 1.4	Basket 120° x 1

LIFTING ACESSORIES

SHACKLE/MASTERLINK/HOOK/TURNBUCKLE/HOIST RING & LIFTING POINT/LIFTING CLAMP

SHACKLE

HIGH QUALITY SHACKLES are available from SUN HEAVYLIFT SDN BHD as we have shackle stock sourced from reputable lifting accessories suppliers such as:

1. Green Pin
2. Crosby
3. AMS

There are several type of shackle that are normally used in lifting work. Each type also have several size to be used with its own purposed. Example of shackle that we can provide for customer:

1. Screw Pin Bow Shackle
2. Screw Pin Dee Shackle
3. Bolt Bow Shackle
4. Bolt Dee Shackle
5. Screw Pin & Bolt bow Wide Body Shackle
6. Screw Pin & Bolt bow Wide Body Dee Shackle

MASTER LINKS

Master Links or Master Link Assembly are the first components to consider when assembling an alloy chain sling because they serve a very critical function. They are strongest simple component under the crane hook that is required to support, not he chain sling itself, but the entire load being lifted below it. If not sized or selected correctly to work with crane hook, it could potentially lead to a catastrophic failure. **SUN HEAVYLIFT SDN BHD** provide master link and master link assembly manufactured by FRAM.

Master Link & Master Link Assembly

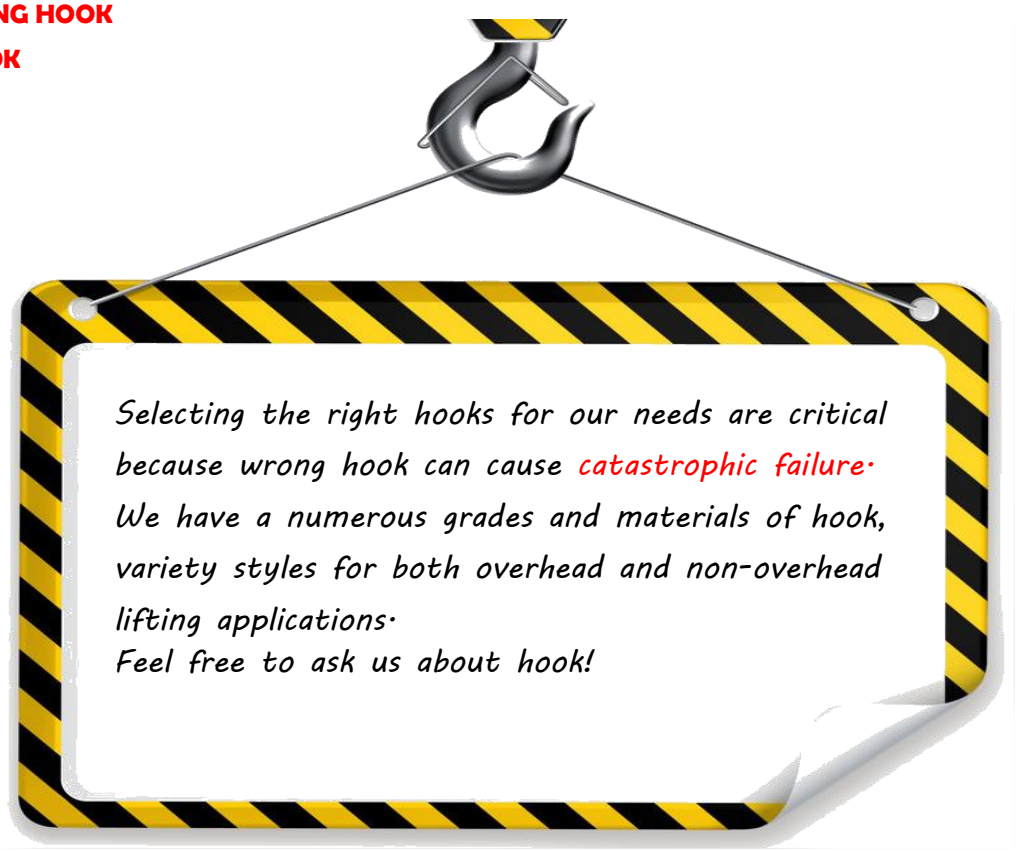
High alloy steel (quenched and tempered) material. It can be used with alloy chain grade 80 and wire rope for lifting application.

MANUFACTURED WITH VARIOUS SHAPE AND DIMENSION TO MAKE SURE SUITABLE WITH OUR WORKING SITUATION

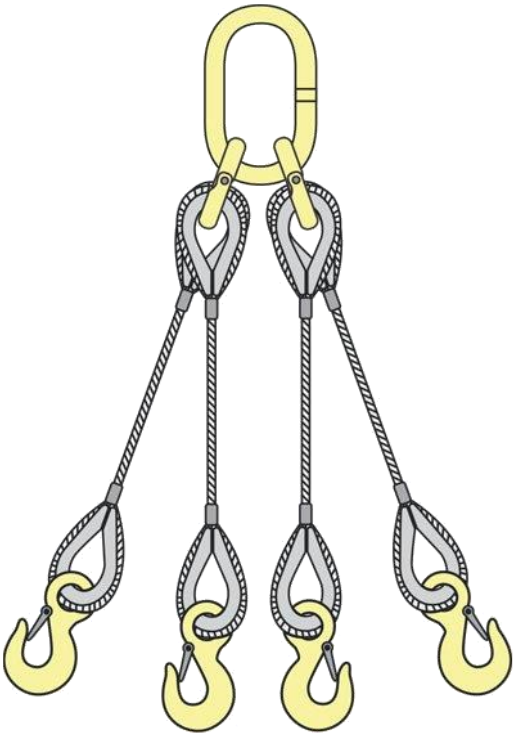
HOOKS

SUN HEAVYLIFT SDN BHD also provide the best quality of hooks. There are several type of hooks such as

- **CHOCKER HOOK**
- **CLEVIS GRAB HOOK**
- **CLEVIS SLING HOOK**
- **CLEVIS SELF-LOCKING HOOK**
- **EYE SLING HOOK**
- **EYE SELF-LOCKING HOOK**
- **SHORTENING HOOK**
- **GRAB HOOK**



EXAMPLE ONE SET OF SLINGS

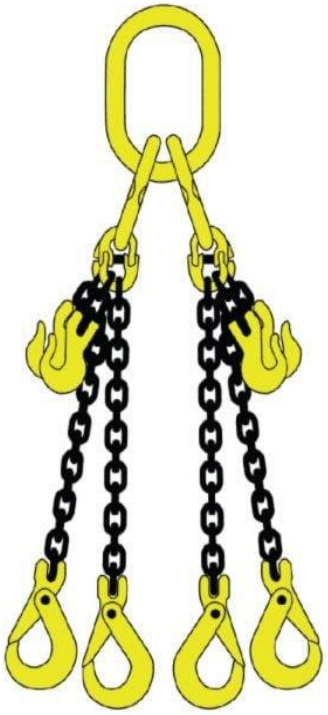


4-LEGGED WIRE ROPE SLING SET C/W:

- Master link assembly
- Wire rope both thimble eye end
- Eye sling hook

4-LEGGED WIRE ROPE SLING SET C/W

- Master link assembly
- Shortening clutch
- Hammer lock
- Chain sling
- Clevis self-locking hook



TURNBUCKLE

A turnbuckle is a three-piece metal coupling device designed to increase or decrease tension gradually without twisting the ropes or cables to which it's secured. It consists of a rectangular or oblong body with screw holes threaded in opposite directions at either end. The threaded inserts usually have either a screw-eye or hook at the non-threaded end. **SUN HEAVYLIFT SDN BHD** also provide this equipment with the best quality and material for customer.

1. Jaw & Jaw open body
2. Hook & eye
3. Eye & eye
4. Jaw & eye

*Table below shows among of our turnbuckle that being supplied to customer

SIZE	WLL t	BREAKING STRENGTH t	A mm	B mm	C mm	D mm	Weight kg

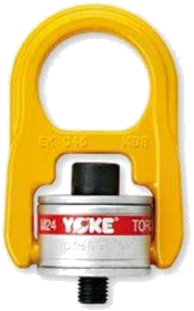
HOIST RINGS & LIFTING POINT

HOIST RING is a special type of heavy-duty lifting ring that's used in conjunction with a hoist to lift or lower a load. Whether driven by electricity or pressurized gas/air, hoists require the use of a ring to perform their intended operation. Known as a hoist ring, it allows the hoist's chain or rope to connect to the object being lifted. While there are other ways to lift heavy loads using a hoist, a hoist ring is particularly useful because of its unique design.

LIFTING POINTS represent the connection between load and lifting gear. Chain slings, wire rope slings, lifting slings, etc. are used if loads have to be lifted or moved. They are fastened to the lifting points in order, for example, to lift the corresponding load.

AVAIABLE STOCK:

- SWIVEL POINT
- ANCHOR POINT
- HOIST RING
- LIFTING POINT
- EYE POINT/EYE BOLT



YOKE®
Safety is our first priority™

LIFTING CLAMP

WHO USE LIFTING CLAMP?

With the multiple applications where lifting clamps can be used, it is without a doubt that they are an integral part of almost any industry. They make work easier and safer for operators and construction workers. Some of the sectors that continually use lifting clamps are:

1. Mining Industry

In the mining industry, heavy loads and extreme conditions are present in everyday operations.

2. Transportation Industry

This is the most common industry that uses lifting clamps. Transportation, in this case, refers to moving heavy objects from one point to another.

3. Construction Industry

Fabricated building materials such as iron sheets, heavy doors and windows or metal pipes are quickly loaded and unloaded by working with lifting clamps.

4. Steel Industry

Operations in special environments such as foundries or metalworking can be executed remotely thanks to the use automated lifting clamps

AVAIABLE STOCK!

92 Series Vertical Plate Clamp

CZ Heavy duty vertical plate clamp

CY Hinged vertical plate clamp

CX Hinged Vertical Plate clamp

LJ Non Marking Vertical Plate Clamp

SERVICE & TESTING FACILITIES

Testing & Facilities:

1. **Non-Destructive Test (NDT)**
2. **3rd Party Requirement**
3. **Proof Load/Destructive test (TEST BED)**
4. **Proof Load Test with Counter Weight**
5. **Proof Load Test with Water Bag**
6. **Bollard Test**
7. **Gangway Test**

Service & Facilities:

1. **Recertification Service**
2. **Spooling & Mooring Service**
3. **Clamping & Fitting Service**
4. **Man power supply**
5. **Wire rope crane (supply, replace, remove, refit)**

SPOOLING & MOORING SERVICE

SUN HEAVYLIFT SDN BHD provide service for spooling and mooring work with our capability of spooling machine:

1 ton, 10 ton, 80 ton (available)

We also provide service for mooring work with our EXPERIENCE and CERTIFIED team.

Vessel Services:

a) Vessel crane wire change out

b) Derrick barge main hoist/boom wire change out

c) Anchor winch wire installation

d) Wire lubrication and inspection (onshore)

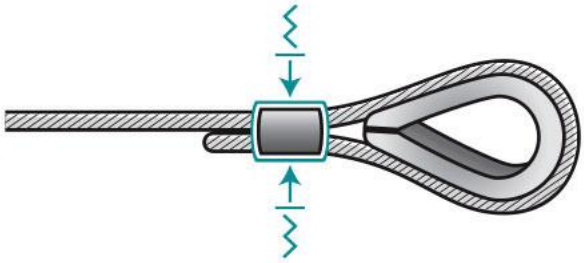
e) ROV Wire change out

f) Polyester spooling

g) Anchor lines on 4point mooring vessels

CLAMPING & FITTING SERIVCE

SUN HEAVYLIFT SDN BHD have a facility to fabricate the end termination of sling with various type and size. With the help of machine, our product quality is way higher and our productivity will increase. With certified and trained worker, it will made our final product the best quality it has ever been.



Load Capacity:

300 Ton and 1000 Ton

MOULDER

ALUMINIUM FERRULE

RE – CERITFICATION FOR ALL LIFTING GEAR

We can provide certificate for your LIFTING APPLIENCE & ACESSORIES.

Various kind of method for re-certification service available which will fit your desire.

NON DESTRUCTIVE TEST

MAGNETIC PARTICE TESTING (MT)

ULTRASONIC TESTING (UT)

WIRE ROPE NDT INSPECTION (WRS)

VISUAL INSPECTION (VI)

DYE PANETRATION TESTING (DPT)

EDDY CURRENT TESTING (ECT)

3RD PARTY WITNESS

SUN HEAVYLIFT SDN BHD can provide 3rd Party personnel for any service which are required 3rd Party involvement.

3 Main 3rd Party for our company:

- **ABS (American Bureu of Shipping) Group.**

- **DNV(Det Norske Veritas)**

- **BV(Bureau Veritas)**

- **SIRIM**

- **Other (as per customer request)**

IN – HOUSE PROOF LOAD / DESTRUCTIVE TESTING MACHINE (TEST BED)

SUN HEAVYLIFT SDN BHD provide in house service both proof load and breaking test with equipment called as TEST BED. It is large machine and can be used up to 300 ton. The machine can be used for all lifting gear.

DESCRIPTION:

Name: UNISPLICE 300t – PLDT (501)

Manufactured by UNISPLICE LTd

Advantage:

-Faster

-Accurate

-Both manual and automatic controlled can be used

- Calibrated to national standards

Used for:

5. Proof Load Test
6. Breaking Load Test

*** UP TO 300 TON**

LOAD CELL

SUN HEAVYLIFT SDN BHD also provide **LOAD CELL** for various purpose. Our load cell have various weight capacity.

DESCRIPTION:

Name: Telemetry Load Cell

Manufactured by EUROLOAD Limited

Advantage:

- High accuracy
- Easy to install
- Calibrated to national standards
- High mobility
- Internal ariel with 300 metre range. No loss of range due to obstructions.
- Lightweight aluminium construction.

* UP TO 500 TON

Used for:

1. Proof Load Test
2. Weighing Service
3. Supply, Calibrate, Repairing

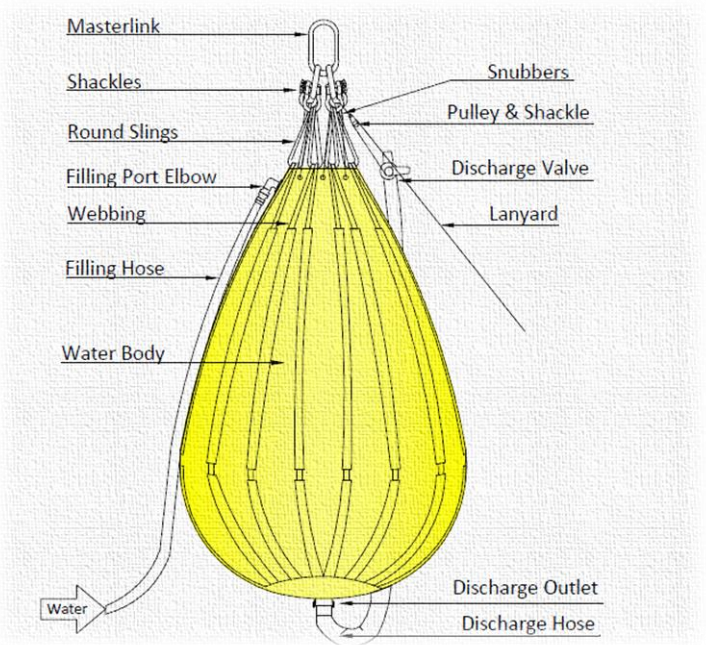
LOAD TEST

LOAD TEST WITH COUNTER WEIGHT

COUNTER WEIGHT

LOAD TEST WITH WATER BAG

WATER BAG



LOAD TEST WITH BOLSTER BAG

SUN HEAVYLIFT SDN BHD have 375 kg per bolster bag ready to be served for you. This equipment is usually used for the lifeboat test. Our bolster bag designed with a bolster cylindrical shape, made of heavy-duty PVC coating fabric, and equipped with fill / discharge fittings, handles and an automatic relief valve, which is activated once the water bags achieve the designed weight.

LOAD TEST GANGWAY

SUN HEAVYLIFT SDN BHD also provide load test for the gangway and ladders. The ladders and gangways should be periodic static proof load tested at 5-year intervals. You can trust **SUN HEAVILIFT SDN BHD** to provide premium industrial grade gangway load test equipment and superior on-site service on all of your proof load testing projects.

LOAD CELL INDICATOR

SUN HEAVYLIFT SDN BHD also provide load cell indicator (install / calibrate / inspection). We have several type of load cell indicator such as **SLIM, ANTI BLOCK SYSTEM, AC MCP ANGLE/ EXTEMSION SENSOR**

TO WHOM IT MAY CONCERN

RE: ISO 9001:2015 PROJECT

This is to confirm that **Novo Quality Services (M) Sdn Bhd**, an international organisation specialising in Quality Management System Consultancy since 1990, is presently engaged as Consultant by **Sun Heavylift Sdn Bhd** in their ISO 9001:2015 Quality Management System project.

Sun Heavylift Sdn Bhd is presently at Documentation Stage and should be certified by **February 2018.** This programme provides the relevant training and consultancy support to an organisation in ensuring that their employees are adequately trained to understand, develop, implement and maintain the Quality Management System which leads to ISO 9001:2015 Certification.

Upon successful certification to ISO 9001:2015 and maintenance of the system, we are confident that **Sun Heavylift Sdn Bhd** would be able to meet their customer requirements consistently and satisfactorily.

We wish **Sun Heavylift Sdn Bhd** every success in their project and are proud to be associated with them in their request for quality.

COMPANY HSE POLICY

SUN HEAVYLIFT SDN BHD
WORK HEALTH AND SAFETY POLICY

Obligations

Management is firmly committed to a policy enabling all work activities to be carried out safely, and with all possible measures taken to remove (or at least reduce) risks to the health, safety and welfare of workers, contractors, authorised visitors, and anyone else who may be affected by our operations.

Responsibilities

☐ **Management:**

Will provide and maintain as far as possible:

- a safe working environment
- safe systems of work
- plant and substances in safe condition
- facilities for the welfare of workers
- information, instruction, training and supervision that is reasonably necessary to ensure that each worker is safe from injury and risks to health
- a commitment to consult and co-operate with workers in all matters relating to health and safety in the workplace
- a commitment to continually improve our performance through effective safety management.

☐ **Workers:**

Each worker has an obligation to:

- comply with safe work practices, with the intent of avoiding injury to themselves and others and damage to plant and equipment
- take reasonable care of the health and safety of themselves and others
- wear personal protective equipment and clothing where necessary
- comply with any direction given by management for health and safety
- not misuse or interfere with anything provided for health and safety
- report all accidents and incidents on the job immediately, no matter how trivial
- report all known or observed hazards to their supervisor or manager.

Application of this policy

We seek the co-operation of all workers, customers and other persons. We encourage suggestions for realising our health and safety objectives to create a safe working environment with a zero accident rate.

This policy applies to all business operations and functions, including those situations where workers are required to work off-site.

Policy authorised by:

LIM CHENG MING
