

ABOVE GROUND STATION

TERMITE MONITORING STATION

Specification:

Size: 65mm (H) x 109 mm (W) x 159 mm (L)

Weight: 139 gram

Features:

Above Ground (AG) Station can stand as a monitoring station as our premises. AG station are set up in places of likely infestation to alert homeowners and inspectors of termite presence.

They provide a method of determining the presence of termites, as easy identification of the species, and sites where termites activity is present so that an eradication treatment may be carried out.
