<b>Aluminium Paper Foil Tape, 16x8 Fiberglass Scrim Reinforced</b>	<b>Aluminium Paper Foil Tape, 8x8 Fiberglass Scrim Reinforced</b>	<b>Metalized Woven Film Tape</b>	<b>Aluminium Woven Foil Tape</b>

**Common Size:- 76mm x 30m**

**Common Size:- 48mm x 30m**

- Aluminium foil reinforced with 16x8 fiberglass scrim for higher mechanical product strength

- Aluminium foil reinforced with 8x8 fiberglass scrim for higher mechanical product strength

- Metallize polyester reinforced with woven fabric for higher tensile strength

- Aluminium foil reinforced with woven fabric increase tearing resistance

**General Description:-**

- ✓ Easy to apply due to ductile properties which prevent the tape from being messy during application
- ✓ Adhesive layer is covered with a protective polyester as release liner
- ✓ Special bonding layer to increase product stability

**Recommended Application:-**

- Bonding, Repairing and Sealing for the Industrial Packaging

All application and recommendation are given by is in good basis of practical experience but without warranty. The user shall determine the suitability of the product and the method application for each specific use. Product specification are subject to change without prior notice.
