INTRODUCTION

A NEW EXPERIENCE IN INTERIOR DESIGN & RENOVATION

SD Renovation & Design Sdn. Bhd. corporate in year 2014 April is the new generation of Interior designers and owned carpentry production line in Malaysia.

We provide one-stop design and renovation services at direct factory production while majority ID firms outsource their renovation works to subcontractors, We produce our own woodwork with unique design to our clients.

ATTRACT, ENGAGE & CONVERT

In year 2018, our builder and construction team was established, Nextgen Builder & Resources Sdn. Bhd.

Our clients are enjoying more direct-factory services and production including the cement and construction work. Furthermore, we provided longest warranty period in the market

Our team mate are well trained and we make sure to deliver the best quality workmanship and material used to our clients.

WORKING ENVIRONMENT & SHOWROOM
