

E.P.D.M. Rubber Cord

EPDM Solid rubber cord profiles from a high-quality EPDM Compound. EPDM Cords are suitable to use in wide variety of applications and working environments. This is largely due to the combination of mechanical strength and resistance the material provides.

EPDM Rubber cords product excellent weathering resistance, good tear resistance and high strength in seal application.

Technical Specification

Properties :	Values
Compound	EPDM
Colour	Black
Hardness (Shore A)	70°
Tensile Strength	13 mpa
Elongation at Break	290 %
Compression Set (22hrs @ 100°C)	15 %
Minimum Temperature	-30 °C
Maximum Temperature	+150 °C
