- Acne

Drinking Alcohol and Smoking

- Fatigue
- Menstrual Disorders
- Loss of Appetite
- Skin Aging

UV Rays

- Aging Skin
- Dry and Rough Skin
- Skin Cancer

Digital Radiation

- Dry and Tired Eyes
- Blurred Vision
- Dry Skin
- Fine lines
- Memory Declining

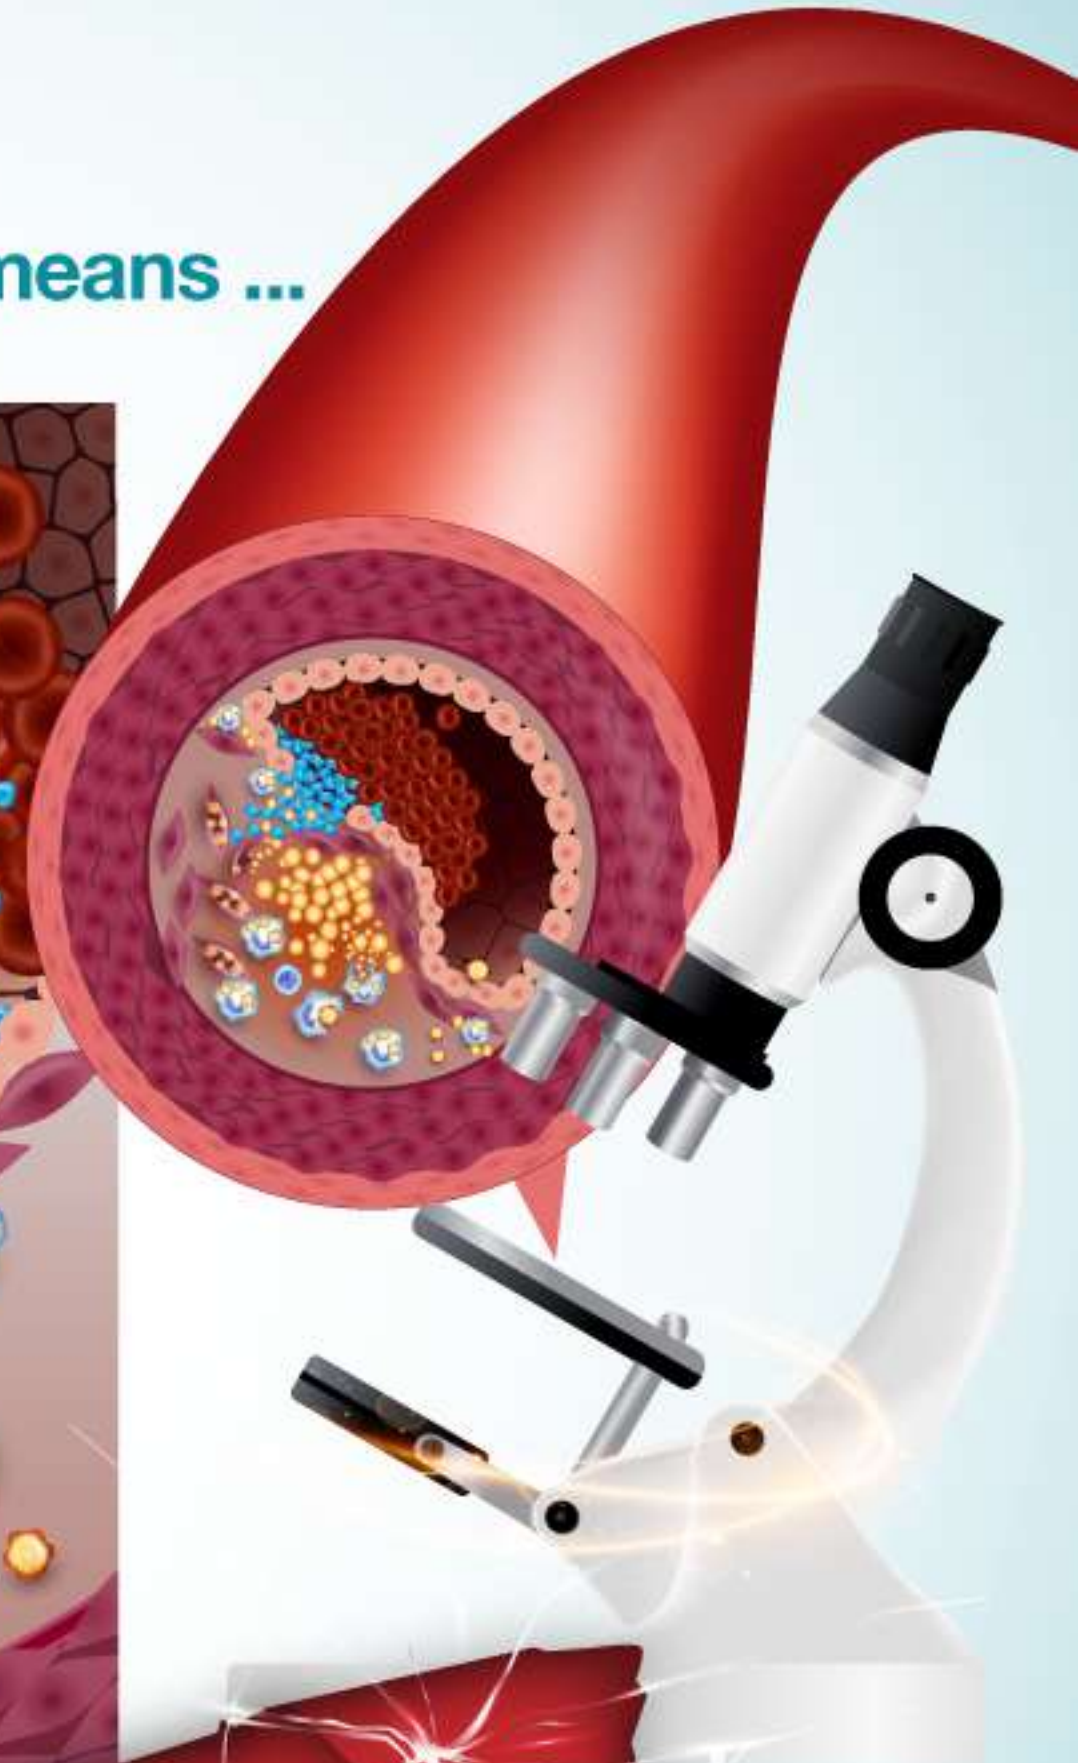

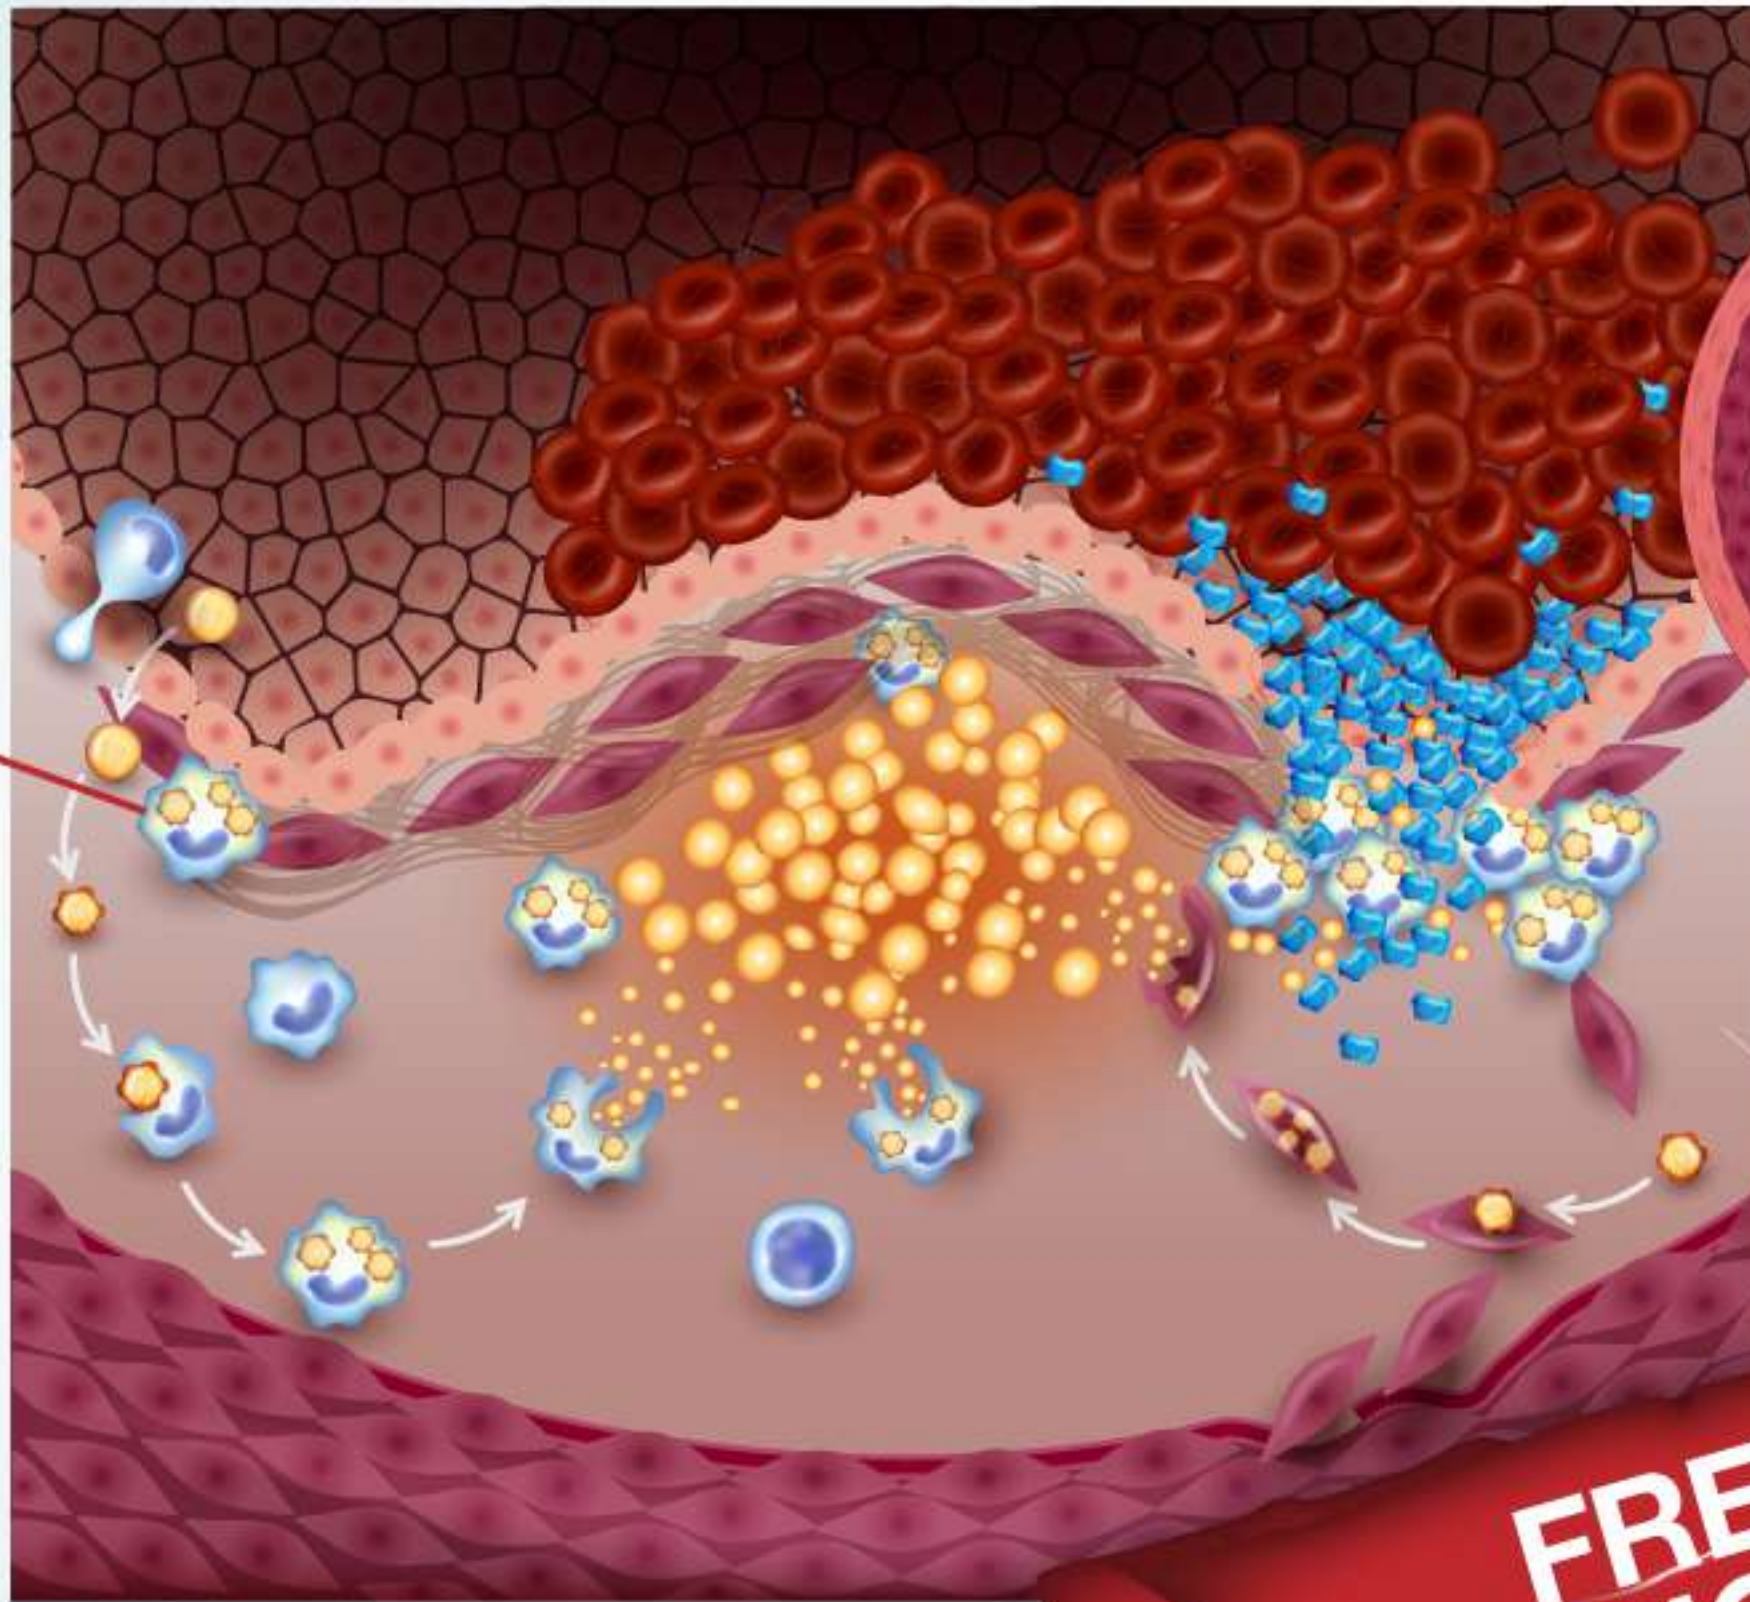

Sedentary Lifestyle and Lack of Exercise

- Cervical Spine Backache (Neck)
- Backache
- Slow Metabolism

If you have more than one symptom, this means ...

Free Radicals

**YOU HAVE BEEN
ATTACKED BY**

**FREE
RADICALS!**

The logo for Wellous, featuring the brand name in a white, sans-serif font with a trademark symbol, set against a background of teal molecular structures.

What are **Free Radicals**?

Free radicals are the “killers” of living cells, a by-product of human metabolism that damages tissues and cells in the body. In addition, air pollution, exposure to ultraviolet rays under the sun and unhealthy diets will also generate a large amount of free radicals. Excessive free radicals will cause cell damage and lead to chronic diseases (such as metabolic syndrome, heart disease, Alzheimer’s disease, etc.) and aging.

Cataract

Cancer

Stroke

Diabetes

High Blood Pressure

Yellowish Skin, Wrinkle

Coronary Heart Disease

Alzheimer's Disease

Arthritis

9 Dangers of Free Radicals

OPCs are extracted from grape seeds, is a type of powerful antioxidant that recognized internationally as an effective natural antioxidant to eliminate free radicals in the body.

Oligomeric Proanthocyanidins (OPCs)

Potent Free Radical
Scavenger

OPCs are potent antioxidants that able to prevent cell and organ damage caused by free radicals, effectively fighting aging, enhancing immunity and preventing more than 80 types of degenerative diseases.

Wellous™

Oligomeric Proanthocyanidins (OPCs) The Antioxidant Ability is

10X

More Potent Than
Beta_carotene

20X

More Potent
Than Vitamin C

50X

More Potent
Than Vitamin E

Wellous™

The Natural Health Supplement
People Need Today

Grape Seed Extract

The Hidden Benefits of
Grape Seed Extract!

**Proanthocyanidins
and Bioflavonoids**
Powerhouse of
"Antioxidant"

1

**Contain plenty of
Unsaturated Fatty
Acids**
Regulates the body's
immunity, prevents
Alzheimer's disease

2

**Rich in Protein, Amino
Acids and Vitamins A, E,
D, K, P and Minerals**
Supplements the human
body's nutritional needs

Amazing Secrets of BIO-GRAPPE Seed

Uses only Premium French grape (matured for 456 days)

01

Grown in Bordeaux, France, which has a mild climate, is well-lit and has clean air, with a history of planting grapes for 20 centuries. From planting to harvesting to processing and production, each grape seed's OPCs content is far more than other species.

02

Special frequency music is played in the grape planting area, and utilizes natural deworming methods which reduces the need for chemical pesticides.

03

Hand-picked, to avoid damage caused by the mechanical harvesting process

NO.1

Concentrated Extract

1

Advantage

95% OPCs

The concentration of active ingredients match with the clinical requirements and contain the highest antioxidant capacity.

2

Advantage

Double Absorption Rate

It is rapidly absorbed and penetrates into the cell membrane, thus providing protection both inside and outside the cell.

3

Advantage

Triple Protection Advantages

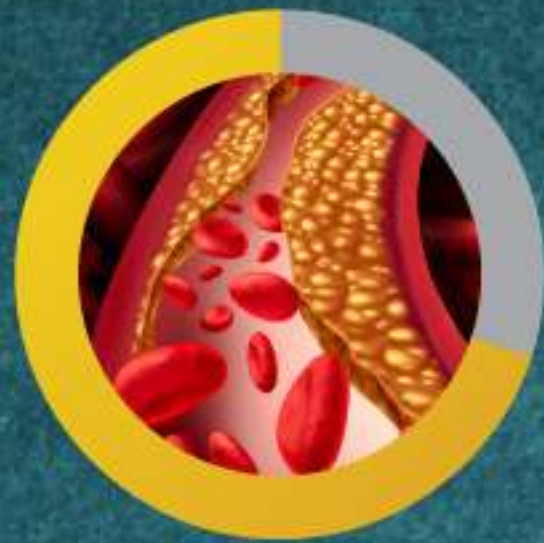

Natural substances that can penetrate into the blood-brain barrier, thereby protecting the function of the brain, nerves and eye tissue.

10 Amazing Benefits of OPCs

**MUST PRACTICE ANTIOXIDATION THROUGHOUT YOUR LIFE !
Beneficial Health Supply to Prevent Various Diseases**

Prevent cardiovascular and cerebrovascular disease

Reduce blood pressure

Control blood sugar levels

Remove free radicals, anti-aging

Anti-radiation, prevent cancer

Enhance beauty

Protect the eyes

Prevent Alzheimer's disease

Protect digestive system

Prevent skin allergies

Who Needs It?
