TRUE BEAUTY

from

HEAD TO TOE

BEAUTY FROM WITHIN

Most important things to reveal the true beauty of a woman are

SKIN | HAIR | NAILS

Expensive cosmetics can temporarily cover the imperfect details, but they can't really change the unhealthy hair, skin and nail conditions.

S-GLOW

LEMON + PEACH & COLLAGEN

S-GLOW combines a variety of

Complex Nutrients that Support

HAIR | SKIN | NAILS

help to promote collagen production and prevent potential free radical damage.

The Ultimate Vitality Of Health And Confidence!

hair thinning and hair
greying problems

People with poor
diet or living in
highly polluted cities

Women who
often have a
manicure

Q1.

S-GLOW is an excellent addition to a supplement program. Apart from improving hair, nail and skin health, nutrients in **S-GLOW** also possess other health benefits, for example **Lynside® Forte B** can help support immune system, reduce inflammation from bacterial infection and essential for a healthy nervous system; **Collagen** may help reduce the risk of bone disorders such as osteoporosis; **L-cysteine** and **Ascorbic Acid** help neutralise free radicals that can damage cells and tissues in our body.

Can S-GLOW improve my overall health? Should it be a part of my supplementation program?

Q2.

I see that S-GLOW contains antioxidants and collagen. Can I take it with other antioxidant and collagen supplements?

Yes. S-GLOW is a food supplement, safe to consume with other supplements. Do follow the suggested use instructions and consume the amount recommended on the label.

Q3.

S-GLOW is suitable for both women and men, it can be consumed by men and women who want to supplement their daily regimen with these nutrients. Consuming this product is one way to ensure that men and women get optimal levels of these nutrients for hair, skin and nail.

Is S-GLOW just for women, or can men benefit from it too?
