YOUR CHARM IS AT THE
EDGE OF DEVASTATION

Getting up in the morning and your facial complexion is **Too Dull**

Your skin is **Getting Darker** than your family members

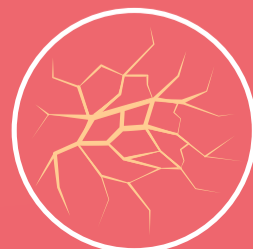

Dark **Pimple Scars** are making your face uglier

You have **Wrinkles** and opening pores at young age

Your **Sagging Skin** is shrinking your confidence

PERFECT SKIN

ALL-THE-WAY
THROUGH CONFIDENCE

To be or not to be flawless?

What is
PERFECT SKIN
complexion ?

FLAWLESS SKIN
should have these
traits :-

FAIR

FIRM

GLOW

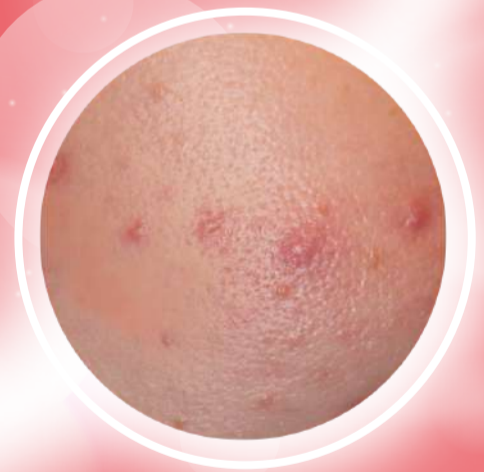

SMOOTH

- For most Asian, flawless, pure, and fair skin are the ideal definition of beauty.

**UNEVEN SKIN TONE
IS A
FIRST-WORLD
PROBLEM
*For Women***

Dark spots, scarring marks,
uneven tone, and dull complexion are
among the women's top-list of weakness!!!

SINFUL FACTORS

BEHIND YOUR INSECURITY

Poor Eating Habits

Exposed To
UV Ray From The Sun

Heavy Makeup

Smoking

Wrong
Skincare Routine

Pollution

Inadequate
Water Intake

Improper
Makeup Removal

THE DANGER OF UV RADIATION

FOR HUMAN SKIN

The sun emits two types
of **UV** rays

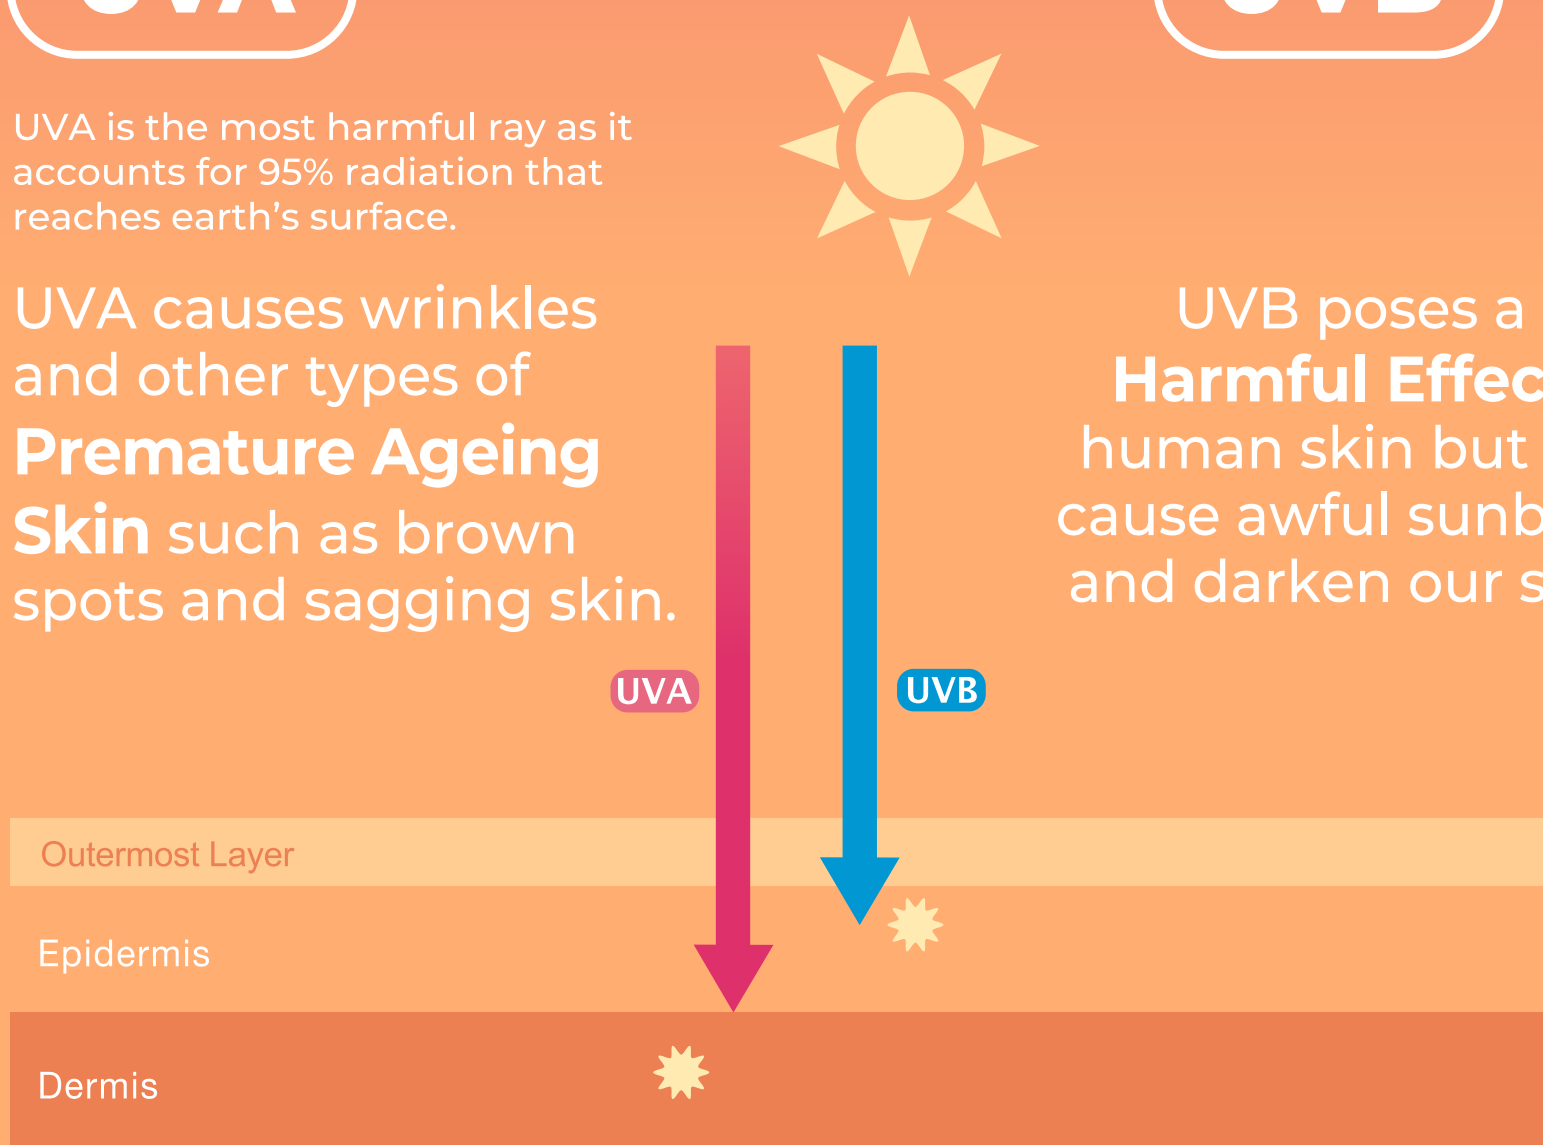

UVA

UVA is the most harmful ray as it accounts for 95% radiation that reaches earth's surface.

UVA causes wrinkles and other types of **Premature Ageing Skin** such as brown spots and sagging skin.

UVB

UVB poses a less **Harmful Effect** to human skin but can cause awful sunburn and darken our skin.

*UVA will penetrate into our skin and cause **long term effects** than UVB.*

ALL-ROUNDER SKIN
SUPERHERO
FOR A *Glowing* YOU

D-VINE

is enriched with wholesome ingredients:-

Collagen-Tripep20

HYTOLIVE®
Polifenol Zaitun

VIQUA®
Ekstrak Delima

Silk Peptide

Allow you to walk around in the street with confidence and luminous beauty!

FORMULA MECHANISMS AND EFFECTS

Sun Protection

VIQUA®
Pomegranate
Extract +
HYTOLIVE®

1.

Accumulate
in the body

2.

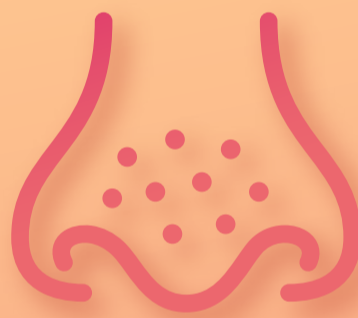

Block sun
radiation reaction
in the body

3.

Contribute to a
complete photoprotection

Suppress Acne Production

VIQUA®
Pomegranate
Extract

1.

Reduce sebum
production

3.

Reduce
acne

2.

Block acne
inflammation

Sweep Away Wrinkles

Collagen-Tripep20

1.

Promote other proteins
for skin,
Elastin & Fibrillin

3.

Reduce Wrinkles
fine lines
on the face

2.

Increase skin
moisture

THE ULTIMATE SKIN-HEALER

Ever wondered why other collagen products show slow to **ZERO EFFECTS** on your skin

Your digestive system could be the issue, or maybe the ingredients have been broken down too soon, or maybe the technology isn't optimal to retain its function

What is *Peptide*?

All cells in the body are made up of proteins, and proteins are made of peptides.

Peptides are the smallest protein molecule, the size is about one per thousand protein.

Peptides are the basic unit found in all body parts of human, including hormone, nerves, reproduction, and renewal/metabolism/growth/repairing cells.

Peptides **Strength**

The discovery and research of peptides have been awarded with **9 Nobel Prizes**

Peptides can be absorbed in the cell quickly that they are called "**bio-missile**".

AFTER 10 MINUTES

they are channeled to all body parts. Besides, their absorption rate is 4 times more than normal collagen

The structure is stable with small molecular size that

CAN BE ABSORBED DIRECTLY INTO THE INTESTINE

without going through digestion

Clinical tests proved they are able to increase hydration and skin elasticity **within 6 weeks**

Smooth Skin with *Peptides*

Block free radicals and avoid ageing

Activate the synthesis of hyaluronic acid in the body to increase skin moisture

Block melanin, prevent dark spot / dark skin

Repair skin tissues, increase smoothness, softness and elasticity of skin

BUT it's a different story here...
Active Ingredients in

D-VINE

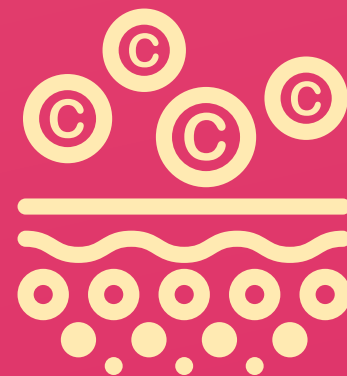

do their magical work through:

Retention of maximum
nutrients for optimum efficacy

Direct absorption
in the intestinal tract ★

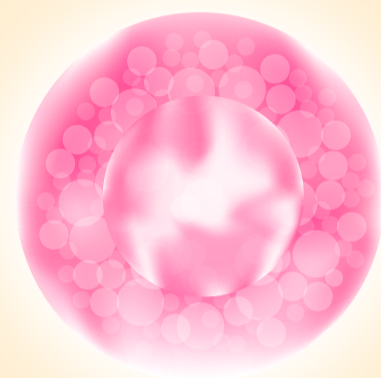

High bioavailability
★ activity

EXCLUSIVE
PATENTED
INGREDIENTS
Uniqueness

FROM MODERN COUNTRIES

- Originated from **South Korea**
- Minimum unit of collagen consists of 3 amino acids
- **Differs from conventional collagens** it is absorbed by the intestinal tract directly
- Contains large amount of glycine, proline and hydroproline, which are the most abundant amino acids in human's skin collagen
- CTP has excellent functions in repairing damaged skin tissue as well as retaining skin moisture content

Collagen-Tripep20

VIQUA®
Pomegranate
Extract

- Special Pomegranate, **Granada Mollar De Elche** from Spain
- Rich in powerful polyphenols that are effective in anti-ageing, whitening, photoprotection and anti-acne etc
- **Pomegranate extract encapsulated by patented ADS nanotechnology** to retain higher stability and solubility of all nutrients in the formulation and higher absorption by human body
- Acquires synergistic effect which can protect, regenerate and replenish collagen

• **Technology from Spain**

- Olive extract that offers high purity of natural hydroxytyrosol which is a strong antioxidant to fight free radicals
- High bioavailability, can be detected in the blood several minutes after consumption.
- Natural extraction method without usage of any chemical solvents.

HYTOLIVE®
Olive Polyphenol

Dark Skin

Acnes and Scars

Dry and Dull skin

**PEOPLE
WITH THESE**

**PROBLEMS
SHOULD CONSUME**

Wrinkles, Fine Lines,
and Sagging Skin

Uneven Skin Tone

FREQUENTLY ASKED QUESTIONS

F A Q

Q1. What makes **D-VINE** different from other collagen supplement products?

D-VINE is a chewable tablet collagen supplement which is convenient for consumption.

Its main ingredients are **Collagen Tripeptide (CTP)**, **VIQUA® Pomegranate Extract** and **HYTOLIVE® Olive Polyphenol**. CTP can be absorbed directly by the intestinal tract, hence giving better and faster results of collagen supplementation.

Polyphenol from pomegranate and olive extract in **D-VINE** are powerful antioxidant, which are effective in protecting and enhancing our skin.

Q2. What is the recommended age to consume **D-VINE**?

People aged 20 and above are recommended to consume **D-VINE** for daily maintenance and enhancement of the skin's elasticity, moisture and skin tone.

Q3. Is **D-VINE** safe for consumption?

D-VINE is derived from natural ingredients and contamination-free from heavy metals and microorganisms, therefore it is safe for consumption.
