## Innovators in eRacking

eRack Sdn Bhd incorporated in 2006 is a fully owned Malaysian Company. The company specializes in quality server racks, standing racks and wall-mount equipments of various sizes thus offering solutions in racking to the ever increasing demands of racking and wall-mount requirements.

We are constantly monitoring and upgrading our products and services to meet the growing market needs. Only the best materials selected are used for our eRacks systems, produced with state-of-the-art equipment by skilled and qualified personnel to ensure uncompromised quality.

As one of the market leaders in racking equipments and systems, eRack products are certified and made to meet and comply to stringent international standards.

Our

## Vision

To be the leading solutions provider in Racking Equipments, always placing priority on the needs and interests of our clients.

Our

## Mission

Build long term relationship based on mutual trust and respect with our clients and business partners.

Quality

## Assurance

We strive to do it right the first time and all the time.
