

M8F

8 Ports Full Gigabit SFP Fiber Module

KEY FEATURES

- 8 Gigabit SFP Ports
- Transmission distance up to 20km (depends on SFP module)
- Pluggable Module: Modules combination optional according to actual engineering needs (cost effective and simple wiring)

TECHNICAL SPECIFICATIONS

NETWORK CONNECTOR

Port	8 ports: 100/1000Mbps SFP ports Uplink: 1000Mbps SFP module port
Transmission Distance	SFP ports: depend on SFP module (up to 20km)
Transmission Medium	SFP: Depends on the optical module
PoE Protocol	-
PoE Power Supply	-
PoE Power Consumption	-

SYSTEM

Power Supply	On board
Voltage Temperature	-10°~ 55°C
Humidity	0 ~ 95%
Dimension (l x w x h)	137mm * 91mm * 44.5mm
Weight	142g
