NATURAL ALOE BIOTECH SDN BHD
(503382-M)
GMP72499

GMP优良制造长规药场生产。

产品绝无类固醇，人造色素，防腐剂或化学品。

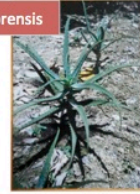

栽种在优质的矿物土壤且用独有的自配益菌微生物 (Effective Micro Organism-EM) 有机肥料，再经由精心设计的低温脱水器 (LTMR) 来保存药草的生化营养和药力。

优良品质的 Aloe Complex 是由 4 种优良芦荟的精确混合而在人体内发出药效。

研究显示对以下健康问题很有效力：

增强免疫，促进新陈代谢，振兴皮肤以助抗老，快速复原伤口，过敏性反应，胃酸/胃溃疡/胃炎，女性荷尔蒙不平衡，心血管衰弱，控制血糖

Aborensis

Saponaria

由研发董事 Mr Stephen Chang 为首，与英国高级生化药物科学家 Professor Dr Lawrence 所指导和草药方顾问 Dr Mohd Razin Jaffar 的协助下，精心研制的天然生物物 Aloe Complex 改善健康及保养的产品。

Notes:

1. The Information stipulated hereabove is based on Patents' and Physicians' feedback. This is not a Clinical Record.

以上资料是由病人与医师的服用经验所提供. 并非临床记录。

2. This is not recommended for pregnant women and people who have undergone organ transplant.

怀孕妇女与器官移植病人不适宜服用

3. Female consumes for health reasons other than menstrual issue shall tentatively cease consumption during menstruation.

However, Female with irregular menstrual cycles or menstrual pain with other health issues shall resume consumption.

女性如有正常月经因其他问题而服用, 应该在来经期间暂时停止服用。

但是如果月经不定或经痛和其他健康问题, 可以在来经期间继续服用。

4. Prescription Dosage 服用量: :

Table hereabove stipulates adults consumption. Reduce half for teenagers. Half capsule to be mixed with milk for toddlers.

表内显示成人的服用量. 小孩是成人的一半. 婴儿只需半力, 把 Aloe Complex 粉混合在奶里。

5. Consume 15 minutes before meal

饭前15分钟服用

6. No negative effect expected from consuming with western prescription.

可以和其他西药一起服用. 我们的研究显示 Aloe Complex 没有任何副作用。

7. Reduce 1 capsule upon each consumption in the event of bowel movement over 4 times aday.

Continue to reduce 1 capsule upon each consumption till bowel movement less than 4 times aday.

如服用后一天排便超过4次, 把服用量减少1粒. 继续减少一粒至排便少过4次为止。

8. Consumer may not suit for Aloe Complex in the event of persistant bowel movement over 4 times aday even after reduction to 2 capsules upon each consumption.

如服用后1次2粒还排便超过4次, 可能服用者不适宜 Aloe Complex。
