

ARTIFICIAL GRASS

AG 10MM Artificial Grass Green

Code: AG-10MM
 Yarn Count : 6600 DTEX
 Yarn Content (made of) : U.V Resistance Polypropylene Fibrillited Yarn
 Yarn Height : 10mm
 Colour : Green
 Guage : 3/16 inch
 Density : 70000
 Measurement : 4m(width)x25m(length)
 Base Cloth Content : (PP)PolyPropylene + Net Cloth

AG-25MM Artificial Grass Green

Code: AG-25MM
 Yarn Count : 12500 DTEX
 Yarn Content (made of) : Anti-Ultraviolet PE(Polyethylene) + PP
 Yarn Height : 25mm
 Colour : Green
 Guage (weave distance) : 3/8 inch
 Density : 18900
 Measurement : 2m(width)x25m(length)
 Base Cloth Content : 4m(width)x25m(length)
 PP(Polypropylene) + Net Cloth

AG-35MM Artificial Grass Green

Code: AG-35MM
 Yarn Count : 12500 DTEX
 Yarn Content (made of) : anti-ultraviolet PE Polyethylene)+PP
 Yarn Height : 35mm
 Colour : Green Yellow
 Guage (weave distance): 3/8 inch
 Density : 18900
 Measurement : 2m(width)x25m(length)
 Base Cloth Content : 4m(width)x25m(length)
 PP(Polypropylene) + Net Cloth

Dynaloc Flooring offers you a substitute of natural grass that can be use indoor and outdoor. Artificial grass is a surface of synthetic fibre made to look like natural grass. It is equally natural and easy to maintain. These products have good capability for UV resistance. All the materials are friendly for environment, easily for maintenance and 100% recyclable. The grass has good performance of memory effect & nonreflective with sunshine. They look like natural grass, but better than natural grass.

The benefit of Dynaloc Flooring Artificial Grass

- Natural Landscape
- Long Lifespan
- Anti-Ultraviolet / Colour Stability
- Low Maintenance
- Mould Resistance
- No Trip Hazard

No watering

Hygienic

Pet-friendly

Child-friendly

No pesticides

Easy to clean

Easy to install
