

APPLICATION REPORT

Application Reports are an excellent way to share knowledge throughout the Blagdon sales network. Reports will be available to all unless stated. If any part of this report should remain confidential and not published, please highlight or inform Joanne Shutt

PUMP MODEL

1AAABBTTS (Aluminium/PTFE)

.....

INDUSTRY

Paint

.....

DESCRIPTION OF PROCESS/APPLICATION

Industrial paint mixing. Pump was mounted as part of a machine for mixing paint.

This pump has been fitted with a Pulsation Dampener and has been in service for 6 years.

Originally the machine was purchased with a electrical pump. The customer chose Blagdon air operated double diaphragm (AODD) pumps because they are considered much safer.

All similar machines in plant are now using Blagdon AODD pumps.

PUMP STATISTICS

DUTY Industrial Paint

FLOWRATE
