

POWER ADAPTOR 12V 5A 4CH

APPLICATION

❖ 3D printers, monitors, LED displays LED lighting, LED light strips, LED lamps, light box modules, luminous characters, security equipment, surveillance cameras, digital products, communication equipment, power equipment, instrumentation, medical treatment equipment etc.

PRODUCT FACTS

- ❖ Using energy-saving IC chip, with perfect protection function, short circuit, overload, over current, over voltage and other protections are in line with CEC standards
- ❖ Good anti-interference performance and high reliability.
- ❖ The DC ripple is small and the work efficiency is high.
- ❖ Low working temperature and long service life.
- ❖ The voltage range is wide, (90-264V) in line with global standards.
- ❖ Good insulation performance and high electric strength.
- ❖ With short circuit, Overload, Overvoltage protection functions.
- ❖ Full load high temperature burn-in, 100% aging test.

PRODUCT CODE

PA-12V 5A 4CH

TECHNICAL DATA

Size: 214*65*40mm

| Characteristics | |
|-------------------------|---|
| Input Voltage | AC 100V ~ 240V |
| Input voltage frequency | 50-60 Hz |
| Output voltage | DC 12V |
| Rated output current | 5A |
| Working temperature | 0°C-+50°C |
| Storage temperature | -20°C-+85°C |
| Humidity | 10%-95%RH |
| Atmospheric pressure | 70-106KPA |
| Service life | Long working hours in general use > 50,000 hours |
| Dimension (mm) | 214*65*40mm |
| Net Weight (gram) | 320gram |
