

### on in "HOT" mode

targets are not allowed. We are unable to accept any liability if it caused damage.  
 mode can be adjusted to 3options, high, medium and low water pressure, the can be adjusted to 3options, High temp(3300W), Medium temp(2200W), and (100W).  
 ist the water temperature and pressure according your different needs, the erature water can be directly heated to 60 °C, and the circulating hot water can to achieve better cleaning.  
 an the internal line of the machine with clean water after each use.

### on in "STEAM" mode

et hose in the bucket with clean water, start the machine with "COOL" mode machine in dry running and get in dry-burning.  
 with clean water, detergent or dirty water is not allowed.

emperature should be no more than 50°C.  
 the steam ejection vent during operation, to avoid the high inner pressure, and a preheating procedure when start the "STEAM" mode, so Water spillage is

er before use to avoid blockage.  
 second's cool water extension, be careful of high pressure and high water during this extension.  
 se "COOL" mode to drain off the inside water after use. It will cause "HIGH" if choose "HOT" or "STEAM" for drainage.  
 switch to "COOL" mode automatically if "High Temp" light on the LCD and in voice alarm, "STEAM" mode will resume working when the temperature is

## Instruction

### Overview

cleaning machine is special design for domestic Air Conditioner refrigerator equipment cleaning. Built-in permanent magnet red water pump, the product features as below:

- High temperature and high-pressure steam, pure physical sterilization and disinfection
- Multiple stage water temperature to meet the requirements of different working conditions
- LCD touch display, voice reminder, more humanized operation
- Intelligent spray gun, one-touch operation during operation, convenient function selection
- Steam, hot water and cold-water flow in and out of the same pipeline, simple maintenance
- Super ozone sterilization, Prevent bacteria
- Drum pump body structure, freely retractable inlet and outlet pipes

## 2. Key operation instruction

PLUG IN CORRECT POWER (Minimum 230V/16A) STOP USE 3300W "STEAM" AND 3300W "HOT" MODE IF TRIPPER	
9 COOL	3 modes of pressure can be adjusted in "COOL" mode 3 modes of pressure can be adjusted in "HOT" mode
10 HOT	3 modes of temperature can be adjusted in "HOT" mode
11 STEAM	2 modes of Steam cleaning mode
13 DISINFECT	Ozone disinfection
7 PULSE	Pulse cleaning
1 PRESSURE	H.M.L pressure switched in "COOL" AND "HOT" MODE
2 WORKING STATUS	Big-Small steam switched in "STEAM" mode
3 FUNCTION	CLEANING/PAUSE Cleaning model switched.
4 TEMP/MOISTURE STATUS	H.M.L temperature adjustment in "HOT" STEAM MODEL
5 TEMP	Indicate the outlet water or steam's temperature
6 "HIGH TEMP" WARNING	"HIGH TEMP"-warning, Over heat protection
8 TEMPERATURE MODE STATUS	H.M.L temperature or pressure's indication
12 PRESSURE OR "Big Small steam" STATUS	H.M.L pressure's indications or "Big Small steam"

**⚠ Remark:**The steam moisture can not be adjusted remotely by multi-functional spray gun, only by pressing "temperature / moisture" on the control panel.

## Multi-function Spray Gun

The spray gun reached the multi-function of water pressure adjustment, cleaning mode switching, ON/STOP through remote action. Turn on light when in dark place.

### 2 different functions under CLEANING/PAUSE status.

A, when machine is in "PAUSE" status, press the "FUNCTION" key to choose your cleaning mode "COOL", "HOT", "STEAM", "DISINFECT", "PULSE"  
 B, when machine is on operation in "COOL", "HOT", "STEAM" mode, press the "FUNCTION" key to adjust water pressure.

C, when machine is on operation in "STEAM" mode, press the "FUNCTION" key to adjust steam pressure.

## 3. Application & Range

C Serious STEAM A/C cleaning machine is special design for indoor or outdoor units. But it is also can be used in household appliances such as lampblack machine, refrigerator, washing machine, water heater, water dispenser, etc.

The machine applied the instant high-temperature working principle. Realize the dis-assembly free cleaning for air conditioner and fume hood. Clean the harmful substances such as scale and rust in drinking water machine, water heater and other household appliances through circulation washing. It has super strong ozone sterilization technology, which can completely sterilize the areas where are easy to breed, such as drinking machine, washing machine, refrigerator and so on. the bactericidal rate is 99.9%.
