## TPI Product Highlight

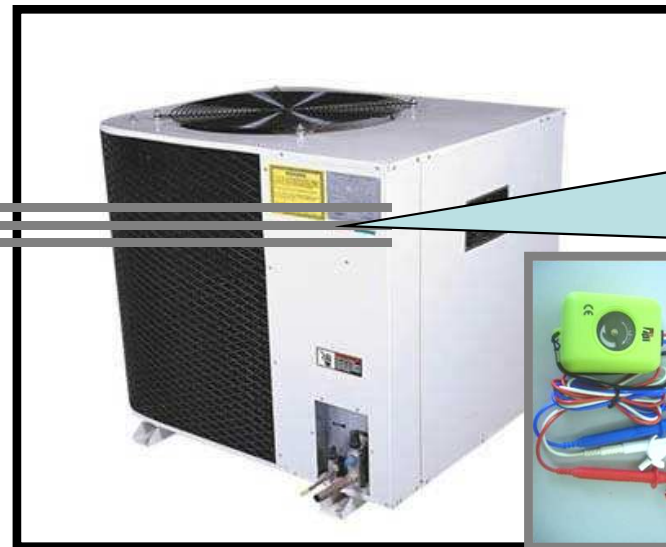

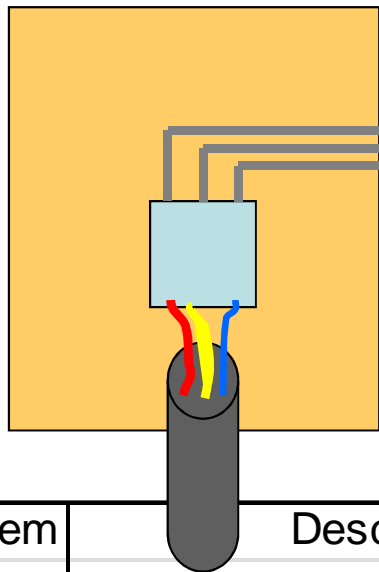

Product : Phase Rotation Indicator  
 Brand : TPI  
 Model : SPD 480  
 Made : JV Korea

[www.tpi-thevalueleader.com](http://www.tpi-thevalueleader.com)

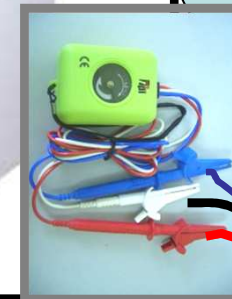

### Product Application:

Phase rotation meters are used to check the phase rotation of a motor by spinning the rotor and checking deflection of a needle. That helps ensure the motor is wired up correctly before it is connected to the power system for initial run.
