

CULMI Running Capacitor

Technical features

Dielectric	Oil filled metallized polypropylene film
Case and cover	Round or oval aluminium case
Fixing	M8 fixing stud(on request)
Terminals	6.3 quick connctet terminals
Climatic category	25/85/21
Rated capacitance	2-120 μ F
Rated voltage	100VAC~~630VAC
Capacitance tolerance	$\pm 5\%$, $\pm 10\%$, -5%+10%
Rated frequency	50/60 Hz
Max working voltage	1,1 Un at 50 Hz
Test voltage between terminals	2 Un for 2 sec. 50 Hz
Test voltage between terminals and case	2000 Vac for 2 sec.
Class of safety protection	S2
Insulation resistance:	T-T $\geq 3000\text{M}\Omega$
Dissipation	$\leq 20 \times 10^{-4}$ (Un and 50 Hz)
