

Spanner for Install & Take Down Air Conditioner Product Introduction

Product : Air-Conditioner Spanner
Brand : Dongli
Model : CT-125

Application:

Spanner for install & take down Air Conditioner 拆装空调机专用扳手

Patent NO: 200520102902.2 China Patent
专 利 号: 200520102902.2 中国专利

拆装空调机专用扳手

使用说明:

- ① 拉出旋转杆, 手柄处有固定销防止旋转杆自动缩回。
- ② 把螺丝、螺母、垫片固定在扳手上、下套筒内 (上套筒带有强磁铁, 能吸住螺丝垫片)。
- ③ 将扳手对准空调支架的螺丝孔, 转动旋转杆, 使之自动缩回。此时即可进行操作。

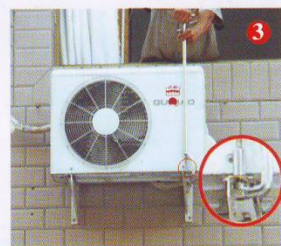

注: 1、高强度套筒经过热处理, 可轻松拆出生锈螺丝。
2、套筒内弹簧可使旋转杆自动缩回并压紧螺丝和螺母, 便于安装和拆卸。
3、避免传统的工作方式产生的危险。工作人员不必爬出室外操作, 在室内即可轻松完成空调机外机的拆装工作。

Spanner For Install & Take Down Air Conditioner User Guide:

- ① Pull out the rotatable bar, a latch beside the handle can avoid the rotatable bar shrink automatically.
- ② Put the screw, nut and gasket in two tube sheath (a magnet in tube sheath above which can catch up the screw and gasket).
- ③ Aim the spanner to the air - conditioner then screw hole in the corner, then rotate the rotatable bar it will shrink automatically. You can operate it now.

NOTE:

- 1. heated high strength tube sheath can screw out rusty screws and nuts.
- 2. the spring in the steel tube make the rotatable bar shrink automatically and impact the screw and nut. it will easier to operate.
- 3. this tool avoid danger from traditional operate method. The operation need not install or take down a air - conditioner climb outside a building, the work can be finished inside.
