

*The door doesn't recognize you, Face ID 3 does*

**FingerTec Face ID 3**  
 Face Recognition System for Door Access

The Face ID 3 is our latest revolutionary release! Building on the facial recognition technology, the Face ID 3 uses high quality infrared cameras to scan your facial features and verify your identity. The FaceID 3 is designed to cater to the demand for a contactless solution in biometrics recognition, while maintaining its quality performance and high reliability. The slim and stylish design of the FaceID 3 is perfect as a door access solution at any office, delivering higher security and a modern look at the same time. Also, stay on top of things when managing the Face ID 3 with FingerTec's practical and reliable in-house software, the powerful TCMS V2.

**Multi-Verification Methods**  
 You have multiple of verification options with the Face ID 3. Verify yourself using face, card, or even by password.

**Combine Your Verification Methods**  
 Opt for the combination of verification methods to get an added confirmation of identity. A Face + RFID / Password verification leaves almost no room for security breaches!

**Multiple Communication Methods**  
 Sync the Face ID 3 with a PC using one of the many available connections: TCP/IP, RS232, RS485, USB flash disk or 26-bit Wiegand input-output.

**Contactless Identification**  
 With the Face ID 3, all you need is one look, and you're ready to go. Facial recognition makes it easy for you to verify yourself without having to free your hands.

**Time Zone Settings**  
 The Face ID 3 now has an additional feature of 50 Time Zones for you to control and organize authorized access at your workplace.

**Increased Face Template Capacity**  
 The Face ID 3 can now hold a total of 3000 face templates!

**Manage Your Data Easily**  
 Administration is easy with the bundled software! FingerTec's TCMS V2 software allows you to generate reports, monitor attendance, and integrate FingerTec with a third party system.

**Get Your Extra Features Here**  
 Full colour touch screen, short messaging, work codes, photo display after verification. These are among our many additional features that you get to enjoy with the Face ID 3.
