Color Box Camera

Honeywell Vista series VCC-320P color box camera is designed to fit in any environment of surveillance in commercial and residential, as well as fit in any standard enclosure. The VCC-320P features a high resolution with 480 TV lines and outstanding image sharpness. Advanced DSP processing provides for a clear video with AWB, and the switch settable image controls such as AWB, AGC, BLC and flickerless, adapt the camera to any lighting situation to guarantee superior image quality.

Installation is quick and easy as the camera comes completely assembled and ready to use and gives customers installation flexibilities – to be installed on wall, or located in the enclosures for various applications indoor or outdoor respectively.

All the security video options of VCC-320P provide the finest surveillance to you. Set the VCC-320P up around your area and form a neighborhood watch to capture all the actions by your own security camera. The protection is straightforward and trustworthy. You will find that round-the-clock monitoring practically eliminates muggings, damaging of assets.

Market Opportunities

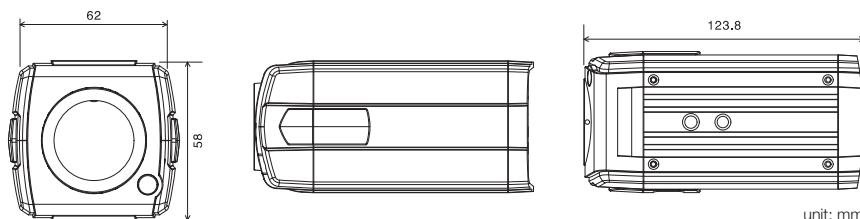

Ever since the advent of small affordable video surveillance systems, protection of property has been a principal prevention against shoplifters. The VCC-320P is an ideal selection for small scale surveillance solution, which provides property owners an added measure of security in protecting their residential apartment, commercial buildings, retail stores, offices and clinics. The utilization of VCC-320P at the site provides equanimity for the owners and their clients. Never let a criminal get away. The business owners will be noted an increased number of clients in their buildings, offices, due to the fact that the clients are no longer afraid to come,
