**PC**  
Polycarbonate (PC) is the most popular plastic for strength and rigidity of the application and impact resistant with the rigidity of the polycarbonate plastic.

**Special Applications:**

- Automobile
- Construction
- Industrial
- Marine
- Medical
- Packaging
- Signage
- Sports

**PP**  
Polypropylene (PP) is a semi-rigid plastic. It is used in a wide range of applications, from automotive to consumer goods. It is a strong plastic that is resistant to impact and is used in a wide range of applications, from automotive to consumer goods.

**Special Applications:**

- Automotive
- Construction
- Industrial
- Marine
- Medical
- Packaging
- Signage
- Sports

**PE**  
Polyethylene (PE) is a thermoplastic polymer made by the chemical industry and used in a wide range of applications, from automotive to consumer goods. It is a strong plastic that is resistant to impact and is used in a wide range of applications, from automotive to consumer goods.

**Special Applications:**

- Automotive
- Construction
- Industrial
- Marine
- Medical
- Packaging
- Signage
- Sports

**QUALITY PLASTIC**

• Durable • Energy Saving • Eco-Friendly • Cooler

**Field Test / Evaluation**

**Heat Shielding Filter Test**

- Test carried out at day time
- Temperature was recorded at 1m
- Test result showed that Roofing the AC heat filter out

**Industry Roofing (5 Grooves)**

**Product Specifications**

Specifications	Roofing
Thickness	1.2mm
Length	2.40m
Width	1.2m
Weight	1.2kg

**Properties**

Typical Properties	Unit	Values	Stand
Specific Gravity	g/cm <sup>3</sup>	1.2	ASTM
Tensile Strength	Mpa	62	ASTM
Tensile Elongation	%	160	ASTM
Rockwell Hardness	HRR	118	ASTM
Water Absorption	%	0.05	ASTM
Thermal Conductivity	W/M <sup>2</sup> °C	0.13	ASTM
Flame Class Rating (UL)	mm	0.8	UL-94
Collector Temperature	°C	10	ASTM

**Applications:**

**Interior & Exterior Decoration Purposes**

- Corridors
- Living rooms
- Swimming pool
- Car park canopy
- Facades
- Entrances
- Sheds

**Available For All Types of Buildings & Infrastructures**

- Commercial buildings
- Public buildings
- Recreational places
- Sports stadiums
- Schools
- Shopping centres
- Sports centres
- Shopping centres

**Sound Insulation**

- Sound insulation reduces noise level
- City overhead bridge
