

Topic: Day 12 has passed, and we are now close to finishing the CM441 Cyber Cloud course (Day 13). I'd like to hear your thoughts on what we learn and how you experience the cloud. Describe the impact, benefit, and definition. Additionally, please describe the AWS Cloud Labs. What did you learn from the LAB?

Objective: Teacher wants to know the understanding level of the students of the courses.

Time: 20 minutes to discuss in breakout room

10 minutes to present by group leader

Answer:
