**AS442**

**ADVANCED SERVER SUPPORT II**  
**PROFESSIONAL DEGREE IN IT SUPPORT**

---

Below shows content of Windows Server. Please describe and explain based on your understanding.

1. What is Windows Server and why do we need to use it?
2. What is Active Directory and why do we need to use it?
3. What is a Domain Controller and why do we need to use it?
4. Every ISP already has their own local DNS server, but why do we want to create it? Why can't I use the local DNS server?
5. Based on your understanding, what is Group Policy and why every company is implementing it?

**OBJECTIVE:**

Students will learn and understand the content of Windows Server.

**TIME ALOCATED:**

20 mins - discussion in the breakout room  
10 mins - presentation by the group leader

**SKILL BASED**

IT TRAINING
