CLOUD MANAGEMENT

PROFESSIONAL DEGREE IN IT SUPPORT

1. You've been employed as a Network Engineer at a new company. Previously, there was an incident at the organization where one of the apps crashed and caused a lot of problems due to a lack of quality assurance in that app. Your manager has asked you to suggest solving and avoid the crashing App issues from happening again. What kind of testing are you going to do before releasing your software on the market?

OBJECTIVE:

Students will learn about the cloud testing environment concept.

TIME ALOCATED:

20 mins - discussion in the breakout room

10 mins - presentation by the group leader
