Dear Obenap Team:

Date: 05th Apr 2016

My compliments on supplying me such a reliable coating thickness gauge by Elcometer and the TME ultrasonic thickness gauge. They were put in use since 2007 and are promised nine years ago. They really are excellent! I was delighted to be able to rely on the same set of instruments for coming to 18 years now.

I am extremely pleased with the quality of your product and such a commitment to great professional customer service is to be commended. You can be sure that I will continue to do business with your company Obenap Instruments for years to come and will definitely recommend your company to others because of our satisfaction with your service.

Thank you once again for your contribution to the industry.

Sincerely,
Norwards Engineering (M) Sdn Bhd.
