

# MASTERWELD MIG 350C WELDING MACHINE SERIES (IGBT)

## Technical Data

Model	MIG/MMA 350C
Power supply voltage/frequency	Three-phase, 415V±10%/50Hz
Rated input power	12.9KVA
Rated input current	18A
Rated load sustained rate	60%
Output current regulation range	60~350A
Output voltage regulation range	17~31.5V
Output open-circuit voltage	75V
Efficiency	≥89%
Power factor	≥0.87
Insulation class	H
Enclosure rating	IP21S
Diameter of welding wire used	Ø1.0~Ø1.6mm
Welder weight	55Kg
Welder volume	760X350X780(mm)
CO2 flow rate	15-20L/min
