- 1 x EFNC-01SM Cordless Safemon Bed Exit Monitor
- 1 x EFNC-01PP Cordless bed pad
- 1 x EFNC-01TB Cordless Transmitter Insert

Product Description

SafeTime & SilverLining™ Pressure Sensor Pads/Mats NEW!

We offer a wide range of bed and chair pads, which sense when weight is removed or, alternatively, floor mats which sense when weight is put on. All pad sensors connect to our wired and wireless Bed/ChairWatcher alarm monitors, from standard carbon-based short-term (90 day) pads, to SilverLining long-life (1 year).

Using the unique extra large SilverLining™ pad for ultra sensitive contact but very hard wearing surface. The result is virtually no false alarms over a very long life. Uses highly anti allergic soft PVC for patient comfort. Pad has vent holes in the neck away from main area to prevent water ingress and strain relief grip on cable attachment.

Size available:

- Bed Pad (BPL-01): 30" x 20"
- Bed Pad (BPM-01): 30" x 10"
- Wheelchair Pad (BPL-01): 15" x 10"
- Light weight floor mat (FMAT-01): 30" x 20"
- Heavy-duty non-slip floor mat (FMAT-02): 48" x 24"

STPBM-01 (15" X 10")

STPBM-01 (30" X 10")
