TIGERWOOD
DESIGNER FLOORING

WHY TIGERWOOD?

DESIGNER FLOORING

PREMIUM USER EXPERIENCE

THINNEST TOUGHEST

UPGRADEABLE LIFETIME WARRANTY

Did you know?

Indoor Air pollutants containing formaldehyde can be 2-5 times higher than outdoor causing Cancer and Allergy especially to Babies and Pets.

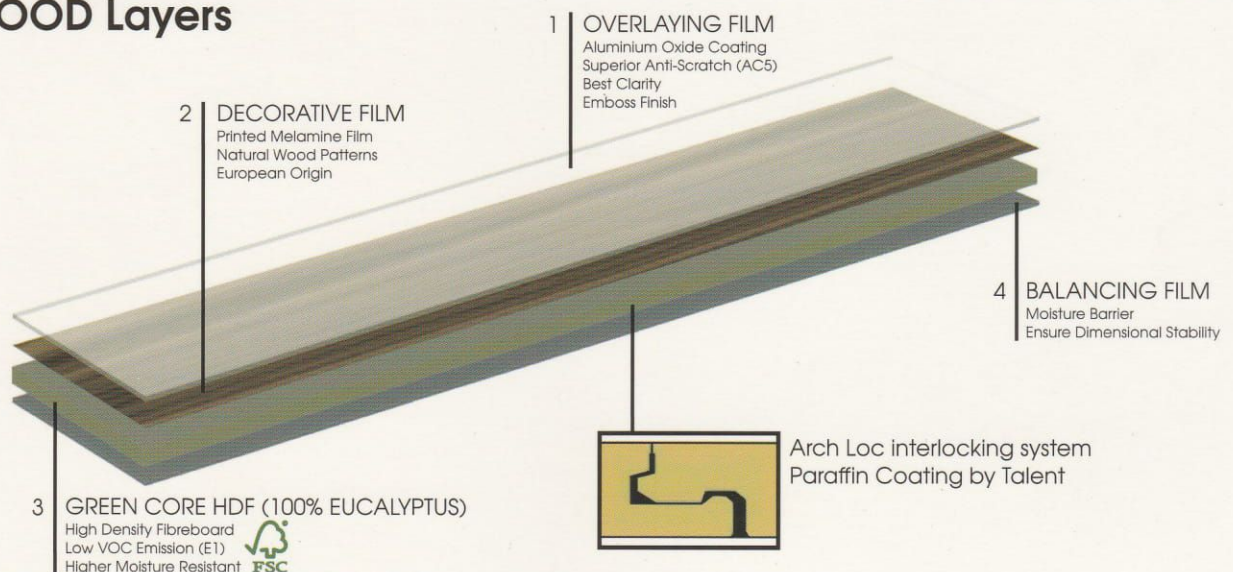

Tigerwood flooring is Green product with LOW VOC and rated E1 in terms of formaldehyde emission, giving a piece of mind to home owners with young children and pets.

Laminated flooring can be easily dismantled and reinstalled at your new place just like LEGO. With our durable patented clip system from Europe, rest assured our floorboard can be reinstalled even after a number of years.

TIGERWOOD other features:
