

# ANALOGIC VOLTAGE DETECTORS

## VOLTAGE DETECTORS

### Analogue voltage detector Medium Voltage - Optical

Voltage presence is indicated by LED lights. Self-checking system by means of an incorporated piezoelectric generator. It works with no battery. Indoor use by insulating pole according to the rated voltage of the detector. Connection to the pole by Universal head.

#### Mod. VT-5/36-U

##### Detector

- Rated voltage: from 5 to 36 kV
- Frequency: 50 / 60 Hz
- Supplied with a metallic box to store and transport the voltage detector

Code	Ref.
640200	VT-5/36-U

#### Mod. VT-5/66-U

##### Detector

- Rated voltage: from 5 to 66 kV
- Frequency: 50 / 60 Hz
- Supplied with a metallic box to store and transport the voltage detector

Code	Ref.
640205	VT-5/66-U
