## Pulsar Plus

## Everything you need for smart EV charging.

## Compatible with your EV

Pulsar Plus is available
with type 1 and type 2
charging cables.

## Durability

Safely install and use your charger indoors or outdoors.

## Three-year warranty

Developed and manufactured in Europe, Pulsar Plus is designed to last.

## Compact

Smaller than a toaster, lighter than a laptop.

## Powerful

Up to 22 kW of charging capacity.
Connected
Connect Pulsar Plus to any smart device via Wi-Fi or Bluetooth and use the myWallbox app to easily control your charger.

Controllable
Schedule charging sessions, monitor your charger status, and more with the myWallbox app.

Onboard Intelligence
Don't worry about connectivity blackspots in your garage or parking spot. By using Bluetooth, Pulsar Plus lets you manage your charge even when you can't connect to the internet.
