you have to list very detail, why is your price zero, either it's a FREE GIFT / BUY 10 FREE 1/ NOT FOR SALES etc...

**** Reason is most important if you have such situation, if you have given out sample to your customer, for physical goods you need to wrap with stick “sample/ not for sale” to differentiate your packaging, but it’s more advisable if you have different packaging with sticker... AND to share that**

**Purchase With Purchase (PWP) NOT
Applicable Because 2nd Item Require
Purchase**
