

Compact, Rugged Tool Bag

The service tool bag's compact, rugged design fits snugly to the body to easily maneuver in tight spaces. The single strap system makes it easy to get on and off, while the padded side pockets protect your tools and provide easy access. It's elevated tool rack enables easy access to tools and a quick way to ensure tools don't get left behind.

Special accessories include:

- A magnetic tray
- Water bottle/ wasp spray strap
- Electrical tape strap
- Small plastic tray storage in bottom
- Drill holster
