Caution! Important information:
 The purchaser, installer and employer have the responsibility to meet all local, state and federal government laws, rules, codes or regulations relating to the proper use, installation, operating instructions and maintenance of this control and the guarded machine. See the installation and operating instructions deTec4 Core Ex (8017107), Addendum OI C4000 Select Ex (8017106) and Addendum OI C4000 Advanced Ex (8017105) for additional information.

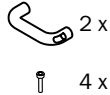

1 Mounting

Caution! Risk of injury due to heavy weight!
 Lifting and moving heavy loads may cause injury. Unsecured heavy loads may, for example, fall over and cause bruising.

- Only lift the explosion-proof enclosure using equipment or two persons.
- Wear suitable protective clothing and safety shoes.
