

booster EX2 / EX3

the two powerful extrusion welders for professional use

EX3

EX2

CE

simple. good. affordable.

booster EX2/EX3

Professional extrusion welder for

- Plastic fabrication
- Civil engineering
- Geomembrane/Lining system/
Agriculture

Best in class!

- ✓ Handy and reliable
- ✓ Long lifetime
- ✓ 100 % quality, function and
safety check
- ✓ \varnothing 3 or 4 mm welding rod possible
- ✓ CE-Conformity
- ✓ Global sales network

Visible overload protection for more control

On both sides easy to insert welding rods for flexible welding positions

Turnable handle for improved ergonomics

Locking button for continuous extrusion welding with little effort

Quickly replaceable and 360° rotatable welding shoes result in high productivity

On both sides mountable handle and knobs helps to keep your tool cleaner

High quality screw for longer lifetime

Fast and easily changeable carbon brush

Sturdy box ensures order and dust-free storage (included with purchase)

Technical data booster EX2/EX3

simple. good. affordable.

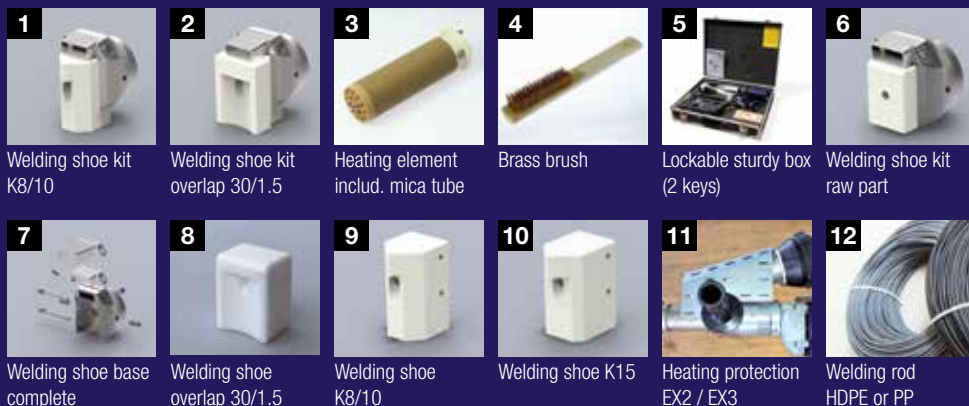

Kit contents

		EX2	EX3
Article no. with EU-plug		146.738	146.917
Article no. with CN-plug		145.589	146.715
Accessories included with purchase			
	Hex socket T-wrench, 3 mm, Welding rod HDPE \varnothing 4 mm	●	●
	115.069 Carbon brush for electric drill	●	●
1	126.116 Welding shoe kit K8/10	●	
2	126.101 Welding shoe kit overlap 30/1.5		●
3	116.900 Heating element including mica tube	●	●
4	130.612 Brass brush	●	●
5	Lockable sturdy box (2 keys)	●	●

Additional accessories

6	126.100 Welding shoe kit raw part		
7	126.102 Welding shoe base complete		
8	126.103 Welding shoe overlap 30/1.5		
9	126.105 Welding shoe K8/10		
10	126.106 Welding shoe K15		
11	126.098 Heating protection EX2		
11	126.099 Heating protection EX3		
12	115.366 Welding rod HDPE, \varnothing 4 mm, black, 5 kg		
12	115.355 Welding rod PP, \varnothing 4 mm, natural, 5 kg		

Notice: Further welding shoes upon request

The professional extrusion welders for plastic fabrication and geomembranes

simple. good. affordable.

WELDY AG: your reliable partner

- Reliable and experienced – since more than 15 years
- Wide range of products and accessories
- Professional quality management (ISO 9001:2008)
- 100% quality, function and safety check according to Swiss standard

energy HT1600 and HT3400

- Handy tools with a wide range of accessories
- Temperature up to 700°C
- Professional use for roofing, plastic fabrication, flooring, billboard and tarpaulin, etc.

Wedge- and Hot-air-welder

- Adjustable speed up to 7.5 m/min
- Small, lightweight and handy
- Professional use as for geomembranes, roofing, billboard and tarpaulin, etc.
