About Westwood Group

WESTWOOD GROUP

Company Introduction:

Westwood Group was founded in year 2009. We focus on eco-friendly agarwood plantation . Through our expansion in Asia , we are able to increase the value of our corporate assets and shareholders return.

Our Mission :

Westwood Group, We committed to build a better world for our next generation.

Our Value:

As an individual or company , we attach great importance to integrity . Be loyal and respectful to each other, for customers, partners , shareholders and employees , we have the responsibility to provide the best products and services from time to time.

About Agarwood

Agarwood is precious in resin or fat formed in Agarwood tree is also known as “Oud” or “Agar”.When Agarwood tree will protect itself after an injury or fungal infection and secrete oil as an antibody and restore it.

Agarwood tree is able to grow rapidly in the tropics and is suitable for growth in a variety of soils, including sandy soils.

There is at least 15 kinds of Agarwood trees can produce high-quality resin “malaccensis “ Agarwood tree and mainly grow in Malaysia and Indonesia.

Westwood Group Has a long-term supply of more than 300,000 organic Agarwood trees.

In terms of selecting fertilizers , Westwood Group strongly supports organic fertilizers . Although the price of chemical fertilizers , the use of organic fertilizers without chemical components and gradually reduce the use if fossil fuels , so it will not damage the environment (such as Eutrophication of water) , and it will retain the original minerals of the soil . Of course , everybody also can use our company's Agarwood products with confidence.

Organic Agarwood Tea is made by using the leaves of Agarwood tree . It is made using then latest technology . No caffeine , preservative and additives , no artificial colors.
