# PREMIERWELD™ BF-1

## **CONFORMS TO**

- AWS A5.17: F7A4-EH14, F7A4-EM12K
- GB 12470: F5A4-H10Mn2, F5A4-H08MnA
- EN 760: S A FB 1

## **APPROVALS**

• CCS: 4YM

#### **APPLICATION**

- · Important Structural steel welding
- X52, X60 and X65 grade, Pipe steel welding
- Offshore
- Wind Tower

## **PRODUCT INFORMATION**

- Fluoride–Basic type agglomerated flux
- Basicity Index: 1.8
  Density: 1.25 g/cm<sup>3</sup>
  Grain size: 10–60 Mesh

Polarity: AC or DCEP

## **REDRYING**

 Before welding operation, If moisture contamination is suspected from either improper storage cordition or dure to condensation, the flux must be redried as a 300 to 350°C for 2 hours.

#### **PACKAGING**

- 25 KG/Bag
- Please contact us for other package form

#### **FLUX COMPOSITON - TYPICAL**

CaO+MgO	Al <sub>2</sub> O <sub>3</sub> +MnO	SiO <sub>2</sub> +TiO <sub>2</sub>	CaF <sub>2</sub>	
28%	23%	21%	22%

#### **Customer Assistance Policy**

Customer Assistance Policy
The business of The Lincoln Electric Company is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for advice or information about their use of our products. We respond to our customers based on the best information in our possession at that time. Lincoln Electric is not in a postition to warrant or guarantee such advice, and assumes no liability, with respect to such information or advice. We expressly disclaim any warranty of any kind, including any warranty of fitness for any customers particular purpose, with respect to such information or advice. As a matter of practical consideration, we also cannot assume any responsibility for updating or correcting any such information or advice once it has not been given, nor does the provision of information or advice create, expand or alter any warranty with respect to the sale of our products.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
