

Milliken® Infrastructure Solutions

# EPRK

## Emergency Pipe Repair Kit

The **Emergency Pipe Repair Kit (EPRK)** is an all-inclusive emergency response kit that enables immediate action when situations demand it. A wrench and water are all that's needed to use EPRK with no special training required.

EPRK is versatile – use it for hazardous and non-hazardous chemical service. The system works at operating pressures up to 300 psi. Kits come in two configurations and in four sizes for pipe sizes from 1 to 12 inches.

### System Properties

ATTRIBUTE	VALUE
Working Time	3 -5 minutes
Cure Time	30 minutes

### Available sizes

PART NUMBER	APPLICATION
EPRK-0102	For 1"-2" Pipe
EPRK-0304	For 3"-4" Pipe
EPRK-0608	For 6"-8" Pipe
EPRK-1012	For 10"-12" Pipe
H-EPRK-0102	For 1"-2" Pipe
H-EPRK-0304	For 3"-4" Pipe
H-EPRK-0608	For 6"-8" Pipe
H-EPRK-1012	For 10"-12" Pipe

### Applications

- Refineries
- Processing Plants
- Mining
- Irrigation

### Benefits

- Comes in a prepackaged kit that stores easily
- Versatile system that is safe for potable water and resistant to harsh chemicals
- Installs in 30 minutes providing rapid response with minimal downtime
- Extends service life of assets

### Notes

- EPRK is for temporary emergency response
- H-EPRK is for structural and pressure containment
- To be utilized per ASME PCC-2 & ISO 24817 standards

### Storage

2 year (EPRK) or 1 year (H-EPRK) shelf life when stored @ 75 °F. Shelf Life may be extended when stored at lower temperatures, but above 40 °F.
