

AIR CONDITIONER CLEANER

A pleasant smelling, foaming aerosol spray with antibacterial and antifungal properties designed to kill odour-causing micro-organisms in automotive air-conditioning systems.

APPLICATION INSTRUCTIONS

Shake can well before use. Start car engine and turn air-conditioner onto low. Remove pollen filter and spray contents of the can into the airflow. Allow foam to be drawn into the system and run air conditioner for another 5 minutes. Switch off air-conditioner and replace pollen filter.

TYPICAL PROPERTIES

Colour	White foam
Fragrance	Fresh

HANDLING AND STORAGE

CAUTION: DANGER - Extremely flammable aerosol. Pressurised : protect from sunlight and do not expose to temperatures exceeding 50°C. Only suitable for use in automotive air conditioning systems. Keep away from heat / sparks / flames / hot surfaces. No Smoking. Do not pierce or burn even when empty.
