

ENGINE CLEANER & DEGREASER

Spanjaard Engine Cleaner is a heavy duty emulsifiable solvent cleaner. It will dissolve oils, greases and other soils and emulsify them so that they can then be easily rinsed off with water.

Do not spray onto an open flame or any incandescent material. 90% by mass of the contents are flammable. Keep out of reach of children.

APPLICATIONS

1. Apply liberally to cool engine or dirty work surface and allow it to soak for 10-15 minutes to loosen the dirt
2. Scrub with a brush to remove stubborn deposits and then rinse off well with water.
3. For best results use a high pressure water spray for rinsing.
4. Repeat the process if dirt/grease layer is very thick and old.
(Note: Contact with water prior to application will form an emulsion, which will clog spray equipment).
5. Aerosol can application allows for application into inaccessible areas.

TYPICAL PROPERTIES

Specific gravity	0,80g/ml
Appearance	Clear red liquid
Diluents	Paraffin

PACKAGING

350ml aerosol
500ml
5litre
20litre
210litre

HANDLING AND STORAGE

CAUTION: Combustible liquid. May be fatal if swallowed and enters airways. If swallowed immediately call a poison centre or doctor. Keep out of reach of children.

Aerosol: CAUTION : Extremely flammable aerosol. Pressurised container. Protect from sunlight and do not expose to temperatures exceeding 50°C. Keep away from heat / sparks / flames / hot surfaces. No Smoking. Do not pierce or burn, even when empty.
