

SPARK PRO (MULTI-PURPOSE LUBRICANT)

Spanjaard Spark Pro (Multi-Purpose Lubricant) is a top of the range lubricant utilizing “white graphite” technology and a premium blend of penetrants, anticorrosion additives and water displacing agents to ensure optimum functionality under the most difficult conditions.

APPLICATIONS

- Superior penetration and release properties will free tight and rusted nuts, bolts, hinges and almost anything needing to move freely and easily.
- Displaces moisture from engines, electric and outboard motors, and ignition systems allowing for improved performance.
- Market leading anti-corrosive properties give enhanced cleaning and protection against rust and corrosion.
- Premium lubricant for multiple consumer needs.
- An all-in-one solution with limitless potential uses in industry, workshops and around the home.

DIRECTIONS FOR USE

Shake well before use. Spray liberally onto the area to be treated. Wipe off excess with a cloth.

PROPERTIES

Colour:	Transparent yellow/brown.
Features:	<ul style="list-style-type: none"> • Contains an extremely fine ceramic-based “white graphite” solid lubricant, offering lubrication unattainable with conventional lubricants. • Outstanding anti-corrosive properties. Humidity resistance testing (ASTM D1748) Ri 2 spot corrosion (<0.5%) passed after 1440 hours of monitoring. • Excels competitively in anti-corrosion shown through humidity testing (ASTM D1748) yielding Spark Pro as a market leader. • 360° valve technology allows spraying at all angles including upside down. • Non-conductive. • Contains no silicone.

PACKAGING

400 ml aerosol

For safety and storage information, please refer to the safety data sheet (SDS).
