

DISINFECTION SERVICE

Why Cotecna

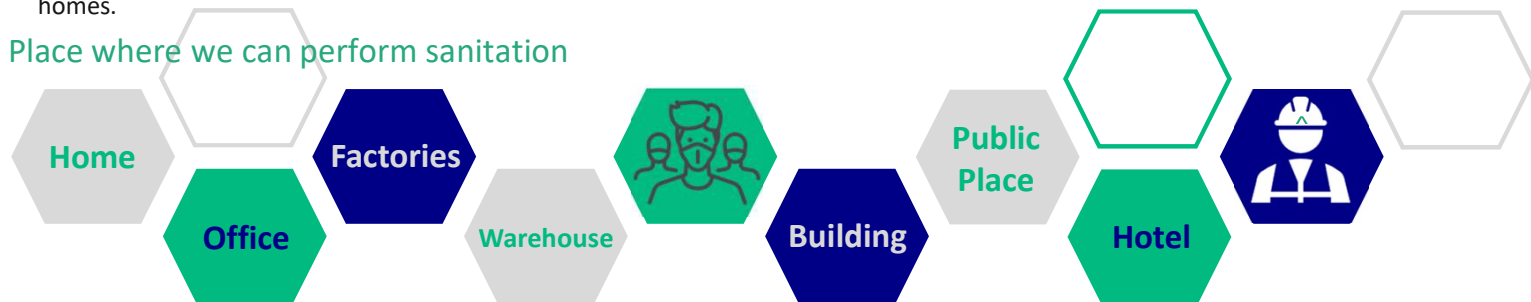

- > Swiss group founded in 1974
- > Global network of 3,000 employees in close to 100 offices & certified laboratories in over 50 countries
- > Accurate and reliable services, Efficient and responsive services, customized to clients' needs

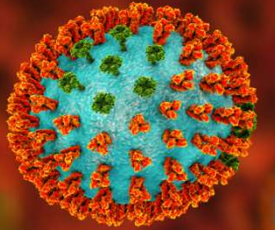

Value proposition

Cotecna is a leading provider of testing, inspection, fumigation and certification services. We offer total solutions that facilitate trade and make supply chains safer and more efficient for our clients. We have experienced technicians and consultants to carry out disinfection or decontamination according to WHO guidelines. The chemical has been used globally for routine disinfection and /or decontamination at hard surfaces: floors, walls, doors and door handles, walkway, furniture, equipment and others. It was used for disinfection hospitals and 2 cities in Wuhan during the recent COVID 19 pandemic outbreak. The chemical has unique characteristics:

- > Bio-degradable according to OECD and EU tests
- > Non alcohol base
- > The disinfectant is safe and friendly to apply at medical facility, factory, warehouses, pathology and biosafety containment, offices and homes.

Place where we can perform sanitation
