Range	Out of Range

Operator Inputs

❖ Hole size and presence detection

Hole Detection

Global results

Pass

Total pass: 1
Total fail: 0
[Reset Counters](#)

Benchmarks

Analysis time (ms): 9
Frame rate (fps): 0.8

Inspection Results

Number of Holes	Value
Hole 1	1.03304200915821
Hole 2	0.675675976563711
Hole 3	0.655641538733414
Hole 4	0.961665420310161
Hole 5	0.712899725152959
Hole 6	0.636500443247207
Hole 7	0.704339535374467
Hole 8	1.01543419442747

❖ Welded Component presence detection

Part Detection

Global results

Fail

Total pass: 0
Total fail: 1
[Reset Counters](#)

Benchmarks

Analysis time (ms): 1169
Frame rate (fps): 0.6

Inspection Results

Number of Part: 1

Plastic Computer Part

- ❖ Check different position of the part that moving on conveyor
- ❖ Eject rejected part and automatic filter the good part
- ❖ Reduce human mistake of missing some bad part
- ❖ Unmanned the QC checking work
- ❖ Save all QC check work for good and bad parts for future traceability

Disc Tray Backside Defect Detection

Global results

Pass

Total pass: 1
Total fail: 0
[Reset Counters](#)

Benchmarks

Analysis time (ms): 1
Frame rate (fps): 1.2

Inspection Results

Total part found: 5
Total count: 1

Disc Tray Backside Defect Detection

Global results

Fail

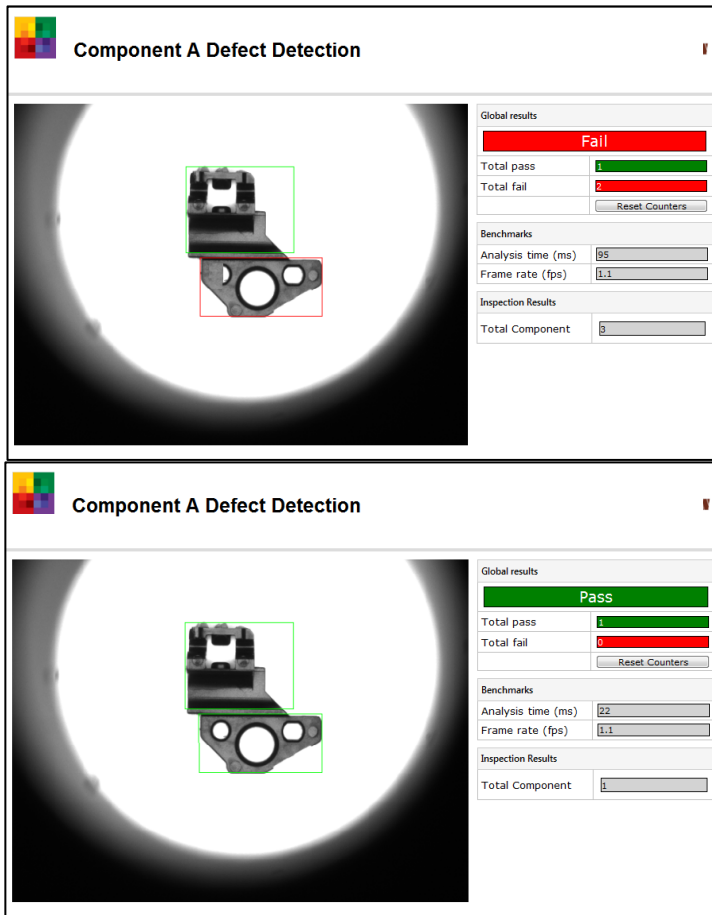

Total pass: 2
Total fail: 2
[Reset Counters](#)

Benchmarks

Analysis time (ms): 3
Frame rate (fps): 1.2

Inspection Results

Total part found: 3
Total count: 4

Safety Belt Production Inspection

Check defect of safety belt when production

YarnLoose:

Fila Mentation:

YarnBreak:

Mispick:

Chrome Component Inspection

Rough Surface Detection

Global results

Fail

Total pass: 0

Total fail: 1

[Reset Counters](#)

Benchmarks

Analysis time (ms): 51

Frame rate (fps): 0.2

Inspection Results

Total Number: 0

Unplate Detection

Global results

Fail

Total pass: 0

Total fail: 1

[Reset Counters](#)

Benchmarks

Analysis time (ms): 7

Frame rate (fps): 0.0

Inspection Results

Total Number: 0

Bubble Detection

Global results

Fail

Total pass: 0

Total fail: 1

[Reset Counters](#)

Benchmarks

Analysis time (ms): 0.4

Frame rate (fps): 0.2

Inspection Results

Total Number: 0

Pitting Detection

Global results

Fail

Total pass: 0

Total fail: 1

[Reset Counters](#)

Benchmarks

Analysis time (ms): 4

Frame rate (fps): 0.0

Inspection Results

Total Number: 0
