

Features

- * Utilize Kodio unique Linx-Net technology for transmission of high-definitions signals.
- * Transmission of 1080p@60Hz high-definition HDMI signal up to 70m over one single network cable
- * Support RS232/IR control signals and audio signals and audio signal synchronous transmission

Description

The HDMI-70CTR-P is reliable device designed for long distance HDMI signal transmission over a single CAT6 cable. The HDMI-70CR-P is a reliable device designed to receive HDMI signal transmitted over a single CAT6 cable. The device also supports RS232 and IR control signals transmission.

Technical Specifications

Model	HDMI-70CT-P	HDMI-70CR-P
Description	Transmitter	Receiver
Interface	HDMI IN, IR TX, GND TX RX, CAT Out	HDMI IN, IR TX, GND TX RX, CAT IN
Transmission Technology	Linx-Net	Linx-Net
Signal Format	Video (HDMI), Audio (192KHz, 24bit), Control (RS232&IR)	
Transmission distance	70m	
Cable Type	CAT 6	
Resolution	4K@30Hz, 640*480---1920*1200@60Hz (VESA standard), 480i---1080p60Hz (HDTV standard)	
Bandwidth	10.2Gbps	
Protocol	HDMI1.3a, HDCP, EDID	
Color space	RGB44, YUV444, YUV422, x.v.Color	
Power	DC 5V 2A	
Size (WxHxD) mm	102 x 25 x 70	
Weight (g)	230
