Residential Home Office

Do you wish to have....

- Compact and Cost effective platform for business start or system change?

- Seamless Communication among employees?

- Simple Safety Monitoring system?

Panasonic can be a one stop solution vendor

Winning Points vs Competitors

1) IP/Legacy Flexible Hybrid System

Works flexibly in both IP and Analogue configurations.

Mixing both is also possible and there is no need to change PBX when changing the trunk line from Analogue to SIP.

2) Built-in Router

The Built-in Router is one of Panasonic's exclusive selling points.

You can use the KX-HTS824 as a phone system as well as a network device.

3) Video Terminal, Doorphone, Cameras

A complete phone system, cameras and door phones under one brand.

Purchase and maintenance is simple.
